**Trauma and Transformation** Rivka A. Edery, Rivka A. Edery Lmsw, 2013-05-10 Praise for RIVKA EDERY and TRAUMA AND TRANSFORMATION A TWELVE STEP GUIDE How does one formulate a recovery and treatment plan for the profound consequences of surviving trauma Why should the survivor begin a process of healing with the admission of what happened to them Is the role of spirituality in trauma recovery necessary in order to heal In Trauma and Transformation A Twelve Step Guide clinical social worker Rivka Edery demystifies the misunderstood resource of spirituality as it applies to healing from trauma She provides a guide to a personal spiritual approach that can lead a survivor in a new and powerful direction perhaps not previously considered Combining the details of the survivor's inner reality with a step by step process of applying spiritual tools to each phase of recovery Edery demonstrates how such a framework can be highly successful for survivors who seek to lessen their pain and confusion Edery hypothesizes that for a treatment process to be truly effective a survivor needs to have special skills in order to overcome their challenges This is accomplished when a survivor embraces this process Edery shows you how step by step Coming forward with a bold form of guidance Edery includes specific directions to trauma survivors who wish to make amends for being abusers themselves Trauma and Transformation A Twelve Step Guide is the indispensable guide to thoroughly understanding the basic principles of The Twelve Steps as a spiritual program used to treat alcoholics and other individuals with a range of self destructive and addictive tendencies Offering a chapter by chapter synopsis of each of the Twelve Steps of Alcoholic Anonymous this book offers insight and guidance for anyone genuinely concerned about how to heal the physical mental and spiritual wounding caused by traumatic experiences

Every addict lives a life of trauma The concept is a natural fit superb effective right on target Ted Rado L C S W R clinical director of a large residential drug treatment program This book is a clear and compelling resource that bridges the gap between Psychotherapy and 12 Step work The wisdom of this experienced trauma specialist shines through on each page Without question it is an indispensable resource for both therapists and clients seeking a renewed model and an essential companion for healing Susan J Price M S W Author The Female Ego **Trauma and the Twelve Steps** Jamie Marich, 2012 Criticism of 12 step recovery is nothing new however 12 step programs are increasingly getting a bad rap for being too one size fits all or not applicable to individuals struggling with issues beyond the scope of simple alcoholism or addiction especially issues surrounding traumatic stress Trauma and the Twelve Steps A Complete

Guide to Enhancing Recovery takes the posture that there is nothing wrong with using 12 step recovery principles in treatment or in continuing care with individuals who are affected by trauma related issues However this book also explains how rigid application of 12 step principles can do more harm than good for a traumatized person and that learning some simple accommodations based on the latest knowledge of traumatic stress can enhance the 12 step recovery experiences for trauma survivors Written for professionals sponsors and those in a position to reach out and help recovering addicts the user friendly language in this book will teach you how to unify the traditional knowledge of 12 step recovery with the latest findings on healing trauma In doing so you will be able to help others and maybe even yourself work a recovery program like never before \_\_\_\_\_ At last someone has thoughtfully and intelligently reconciled the practical wisdom of the 12 steps with best practices for posttraumatic stress In Trauma and the Twelve Steps Jamie Marich tosses aside the rigid orthodoxies that have hampered both fields and delivers in beautiful eminently readable English a coherent treatment approach that is sure to maximize sobriety and healing Belleruth Naparstek Author of Invisible Heroes Survivors of Trauma and How They Heal creator of the Health Journeys guided imagery audio series It s critically important for people in 12 step based treatment to keep trauma in mind and not re traumatize people with coercive practices like forced 4th and 5th steps or misguided ideas that addiction has nothing to do with trauma I support these efforts promoted in Dr Marich s work to help those whose choice of recovery paths is within the 12 step framework Maia Szalavitz Journalist and best selling author of Born for Love and The Boy Who Was Raised as a Dog     The Trauma Survivor's Guide to Healing Travis Jessop,2020-05-14 I understand the magnitude of damage left behind in the aftermath of trauma Not only through my years of coaching trauma survivors but because I too am a survivor of unimaginable trauma A few years ago I watched my 3 year old son die in an auto accident just days after losing my Dad to cancer Shortly after losing my son I found myself homeless and beyond broke I desperately needed help from somebody who not only understood trauma but had survived and HEALED after experiencing trauma I needed help and I didn t know where else to turn So I began weekly therapy sessions After thousands of dollars and many years of meeting with different counselors I was diagnosed with PTSD The diagnosis was great at least now I had a name for the beast in my head but I was still not feeling the peace I was desperately seeking So I began my quest to heal from PTSD on my own so I could get control over my mind and emotions and create a new life for myself my life after trauma I know from personal experience that trauma can destroy everything you value It can leave you broke mentally financially and spiritually It destroys friendships and relationships The very things you once placed so much value on no longer matter After years of studying trauma and PTSD I began to coach other trauma survivors and I discovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place I made a promise to myself that when I had healed from trauma that I would help others heal from their traumas so I created a simple step by step guide in the pages of this short book called The Trauma Survivor s
