**Clinton Cash** Peter Schweizer, 2015-05-05 Most people assume that the Clintons amassed their considerable wealth through lucrative book deals and speaking gigs that sometimes paid as much as 500 000 750 000 But who paid these fees and why Often foreign businessmen and governments made the enormous payments believing the Clintons would help advance their interests As Peter Schweizer reveals the Clintons typically blur the lines between politics philanthropy and business Consider the following Bill flies into a third world country where he spends time in the company of a businessman described as a close personal friend Introductions are made A deal is struck usually to exploit natural resources such as uranium oil or timber on a large and highly profitable scale Soon after that enormous contributions are made to the Clinton Foundation from those who benefited from the deal while Bill is commissioned to deliver a series of highly paid speeches Moreover some of these deals require approval or review by the US government and fall within the purview of a powerful senator and secretary of state This scenario plays out again and again in Kazakhstan Colombia and other places at the Wild West fringe of the global economy Often the people involved are characters of a kind that an American ex president not to mention the spouse of a sitting senator secretary of state or presidential candidate should have nothing to do with In this blockbuster expos Schweizer reveals the mysterious multimillion dollar Foundation gift from an obscure Indian politician that coincided with Senator Clinton s reversal on the nuclear non proliferation treaty how Secretary of State Clinton was involved in allowing the transfer of nearly 50 percent of US domestic uranium output to the Russian government benefiting large donors to the Clinton Foundation how multimillion dollar contracts for Haiti disaster relief were awarded to donors and friends of Hillary and Bill how Bill received large payments for speeches from foreign businesses and governments with matters pending before the State Department how the Clintons joint visit to Colombia was followed by the grant of lucrative logging rights to a Canadian billionaire a top Clinton Foundation donor how Bill received 2 million for speeches from the largest shareholder in the Keystone Pipeline project even as Hillary played a role in approving it Meticulously researched and scrupulously sourced Clinton Cash raises serious and alarming questions of judgment of possible indebtedness to an array of foreign interests and ultimately of fitness for high public office

near universal agreement that they should be played by Americans only 2 The best way to investigate whether a politician is doing favors for a major campaign contributor is to look at their behavior patterns If investigators find that the timing of major campaign contributions occurs immediately before the politician makes a highly favorable decision for the donor this would be highly suspicious 3 I am focusing on the financial dealings of the Clintons specifically because they are such a unique couple No other ex politician has been able to accumulate such a large amount of money in such a short period of time 4 Bill s speechmaking does not happen in a vacuum It is part of a larger pattern of activity that has never before been exposed to public scrutiny During Hillary s years of public service the Clintons have conducted or facilitated hundreds of large transactions with foreign governments corporations and private financiers [Fallout](#) John Solomon,Seamus Bruner,2020-07-14 This book is a MUST BUY President Donald J Trump The Russia and Ukraine scandals are unraveled corruption and greed exposed No one is better at uncovering the truth than these two investigative journalists Gregg Jarrett FOX News legal analyst and author of the 1 NYT bestsellers The Russia Hoax and Witch Hunt An exhaustively researched book that reads like an investigative thriller Fallout reveals how Obama s Russian Reset led to corruption scandal and a desperate bid to impeach Donald Trump In 2015 a major story broke exposing Hillary Clinton s role in approving the sale of American uranium assets to the Russian state nuclear agency Rosatom Not only did the sale of Uranium One put 20 percent of America s domestic uranium supply under the control of Vladimir Putin there was also evidence that the Clintons themselves had hugely profited from the deal When presidential candidate Donald Trump made Uranium One the centerpiece of his Crooked Hillary attacks the Clinton team feared its potential to damage Hillary s campaign Others in the Obama Biden camp worried that if elected Trump would expose their role in selling out America s security to Putin Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign s purported ties to Russia The infamous Steele dossier produced by Clinton connected Fusion GPS sparked an investigation under FBI Director James Comey Instead of ending after the election the investigation grew bigger eventually leading to Comey s firing and the appointment of Special Counsel Robert Mueller When Mueller failed to find grounds for impeachment Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried An indispensable guide to the hidden background of recent events Fallout shows how Putin s bid for nuclear dominance produced a series of political scandals that ultimately posed one of the greatest threats to our democracy in modern American history [Network Propaganda](#) Yochai Benkler,Robert Faris,Hal Roberts,2018-09-17 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Is social media destroying democracy Are Russian propaganda or Fake news entrepreneurs on Facebook undermining our sense of a shared reality A conventional wisdom has emerged since the election of Donald Trump

in 2016 that new technologies and their manipulation by foreign actors played a decisive role in his victory and are responsible for the sense of a post truth moment in which disinformation and propaganda thrives Network Propaganda challenges that received wisdom through the most comprehensive study yet published on media coverage of American presidential politics from the start of the election cycle in April 2015 to the one year anniversary of the Trump presidency Analysing millions of news stories together with Twitter and Facebook shares broadcast television and YouTube the book provides a comprehensive overview of the architecture of contemporary American political communications Through data analysis and detailed qualitative case studies of coverage of immigration Clinton scandals and the Trump Russia investigation the book finds that the right wing media ecosystem operates fundamentally differently than the rest of the media environment The authors argue that longstanding institutional political and cultural patterns in American politics interacted with technological change since the 1970s to create a propaganda feedback loop in American conservative media This dynamic has marginalized centre right media and politicians radicalized the right wing ecosystem and rendered it susceptible to propaganda efforts foreign and domestic For readers outside the United States the book offers a new perspective and methods for diagnosing the sources of and potential solutions for the perceived global crisis of democratic politics

stop her The 2016 presidential election can only be understood in the context of the primal and primitive response of those who just couldn't imagine that a woman might lead For those who seek to understand the experience of the most accomplished woman in American politics The Hunting of Hillary offers insight For those who recognized what happened to her it offers affirmation And for those who hope to carry Clinton's work into the future it offers inspiration and instruction I'm biased But I think Michael D Antonio's book cataloging decades of right wing misogyny and mythmaking is a stunner Hillary Clinton     **Public Documents of Massachusetts** Massachusetts,1893     **Modern Bookkeeping** James Louis Montgomery,1897     **Abstract of Proceedings of the Supreme Council** Freemasons.
