Pinterest Reading Challenge Ebook:

Masculinities in Post-Millennial Popular Romance Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero's masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender. In the majority of these narratives the hero is often presented as a hegemonic alpha male. However, hegemonic masculinity is not a fixed concept. Rather, it is subject to continuous change which allows for the emergence of various dominant masculinities. Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives, the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash, depend on or function as a prerequisite for each other.

Adding Value to Libraries, Archives, and Museums Joseph R. Matthews, 2016-03-28 This book explains the concept of adding value and shows staff at libraries and other organizations why they need to take steps now to ensure they are adding new value to their communities, whether it be a local town or neighborhood, a faculty and student body or a school. Value is at the core of every organization's purpose. Without value, organizations die. Libraries, as well as museums, archives, and galleries, have traditionally added value to their communities through their collections and services, but yesterday's collections and services are no longer enough. In order to remain sustainable, today's libraries, archives, museums, and galleries must explore new ways to add value that resonate in the lives of their customers. This unique book explains how addressing the 5 C's of adding value: content, context, connection, collaboration, and community, enables organizations to find new ways to invigorate their services, better serve their communities, and thrive today and tomorrow. It addresses adding value in the context of other key topics such as crowdsourcing, embedded librarianship, makerspaces, self-publishing, and repurposing spaces. Filled with charts, tables, screenshots, and other visual representation, this is a useful and provocative guide that anyone interested in vesting in the successful future of libraries, archives, and museums needs to read.

Sex and Gender in the Pacific Angela Kelly-Hanku, Peter Aggleton, Anne Malcolm, 2023-02-24 This book examines sex, sexuality, gender, and health in the Pacific, with a focus on three key sets of issues: young people, culture and education, sexual and reproductive health and well-being, and belonging, connectedness, and justice. Bringing together the work of scholars from across the Pacific region, this innovative volume showcases traditional knowledge and diverse disciplinary scholarship of policy and practice relevance. In addition to focusing on relationships, health, education, family, and community, chapters engage with a number of cross-cutting themes, including violence, justice, and rights, and sexuality and gender diversity. Drawing on the diversity and richness of the Pacific, its cultures, languages, and people, the book lays the foundations for future conversations and scholarship for and by those within the Pacific. *Sex and Gender in the Pacific* is an important resource for students, researchers, and practitioners working in Pacific studies, sexuality and gender studies, public health, nursing, public policy, sociology, education, and anthropology.
