Library of Congress. Cataloging Policy and Support Office,2009 *Dracula's Crypt* Joseph Valente,2002 An ingenious reappraisal of a classic text Dracula's Crypt presents Stoker's novel as a subtly ironic commentary on England's preoccupation with racial purity Probing psychobiographical political and cultural elements of Stoker's background and milieu Joseph Valente distinguishes Stoker's viewpoint from that of his virulently racist hypermasculine vampire hunters showing how the author's dual Anglo Celtic heritage and uncertain status as an Irish parvenu among London's theatrical elite led him to espouse a progressive racial ideology at odds with the dominant Anglo Saxon supremacism In the light of Stoker's experience the shabby genteel Count Dracula can be seen as a doppelganger an ambiguous figure who is at once the blood conscious landed aristocrat and the bloodthirsty foreign invader

**Game "Bloodborne" (2015)** Leonie Quicker,2023-06-06 Seminar paper from the year 2023 in the subject Computer Science Games Engineering grade 3 0 University of Paderborn language English abstract This research paper is set out to investigate in which way the Gothic as a genre and thereby its handle on contemporary fears is fulfilling its own prophecy of dying and being reborn in an endless cycle of reinterpretations and reinventions based on the video game Bloodborne by FromSoftware 2015 Many authors and researchers like Botting in 1996 have been speculating that the genre as such has died out and lost its importance in recent centuries However with the improved technicalities that provide new narratives and storytelling video games are venturing into a variety of different territories including the Gothic and are thereby also adding a greater audience to the genre Therefore rather than dying this paper theorizes that the Gothic is merely reinterpreted and put back together piece by piece becoming its own Frankenstein's monster with the help of new technologies or mediums and will continue to exist due to the never ending presence of fears that haunt our society that fuel the Gothic Bloodborne especially is a relevant video game that intertwines the Gothic and Lovecraftian motifs and themes onto a greater interactive scale and conquers the belief about the genre being dead

Piatti-Farnell,2013-11-07 Prominent examples from contemporary vampire literature expose a desire to re evaluate and re work the long standing folkloristic interpretation of the vampire as the immortal undead This book explores the new vampire as a literary trope offering a comprehensive critical analysis of vampires in contemporary popular literature and demonstrating how they engage with essential cultural preoccupations anxieties and desires Drawing from cultural materialism anthropology psychoanalysis literary criticism gender studies and postmodern thought Piatti Farnell re frames the concept of the vampire in relation to a distinctly twenty first century brand of Gothic imagination highlighting important aesthetic conceptual and cultural changes that have affected the literary genre in the post 2000 era She places the contemporary literary vampire within the wider popular culture scope also building critical connections with issues of fandom and readership In reworking the formulaic elements of the vampiric tradition and experimenting with genre bending techniques this book shows how authors such as J R Ward Stephanie Meyers Charlaine Harris and Anne Rice have allowed vampires to be moulded into enigmatic figures who sustain a vivid conceptual debt to contemporary consumer and popular culture This book highlights the changes conceptual political and aesthetic that vampires have undergone in the past decade simultaneously addressing how these changes in vampire identity impact on the definition of the Gothic as a whole
