## Citizenship 100 Questions For 2014:

**Egypt** Azmi Bishara, 2022-07-14 Azmi Bishara's seminal study of the 2011 Egyptian Revolution chronicles in granular detail the lead up to the momentous uprisings and the subsequent transition and coup. The book critically investigates the social and economic conditions that formed the backdrop to the revolution and the complex challenges posed by the transition from authoritarianism to democracy. Part One From July Coup to January Revolution goes back to what is called the 1952 revolution or the 1952 Coup d'état and traces events until 2011 when Hosni Mubarak stepped down as the president of Egypt after weeks of protest. It highlights the relationship between the presidency and the army to show that contrary to popular belief the presidency grew gradually stronger at the expense of other institutions especially the army and reached its apogee under Mubarak. Part Two From Revolution to Coup d'Etat covers the critical stages from when the military junta took over the governing of Egypt as the Supreme Council of the Armed Forces (SCAF) and the election of Morsi up until the coup to overthrow his presidency. Using a democratic transition theory perspective Azmi Bishara explains the failure of the democratic transition and how it has impacted on Arab revolutions ever since. Written while the revolutions were taking place this book conveys a sense of immediacy and urgency as Bishara makes wide ranging assessments with many of his forecasts corroborated in later years. The book is renowned for its use of primary source material including interviews, statistics and public opinion polls thus preserving the memory of the revolution and remaining one of the most comprehensive reference books on the subject to date.

**Crimea beyond Rules. Right to nationality (citizenship)** Regional Centre for Human Rights, Ukrainian Helsinki Human Rights Union, Expert-analytical group CHROT. During the occupation and subsequent annexation of the Crimean peninsula the Russian Federation announced all Ukrainian nationals living in Crimea its subjects. Residents of the occupied territory faced a difficult choice. On the one hand by obtaining Russian passports they formally took the oath of allegiance to the State which had committed an act of aggression against their sovereign country. On the other hand during a short period of time in fact 18 days they could try to submit the declaration about the willingness to retain the nationality of Ukraine to one of the four offices which accepted such declarations in Crimea. In this case they suddenly became foreigners at home and were severely limited in their rights. Using the imperfection of international standards in this situation of statelessness and resolving cases of dual nationality Arbitrary change and imposition of a nationality became a new challenge to which the world was not ready. Having imposed its nationality the Russian Federation forced into loyalty the population of the occupied peninsula under threat of criminal liability see Art 275 of the Criminal Code High Treason.
