Name: _____ Class Period: _____ Due Date: ____/____/____

Guided Reading & Analysis: The Politics of the Gilded Age, 1877-1900

Chapter 19- *The Gilded Age* pp 380-391

Reading Assignment: Ch. 19 AMSCO; if you do not have the AMSCO text, use chapter 23 of *American Pageant* and/or online resources such as the website, podcast, crash course video, chapter outlines, Hippocampus, etc.

Purpose: This guide is not only a place to record notes as you read, but also to provide a place and structure for reflections and analysis using your noggin (thinking skills) with new knowledge gained from the reading. This guide, **if THOUGHFULLY completed in its entirety BOP (Beginning of Period) by the due date**, can be used on the corresponding quiz as well as earn up to 10 bonus points. In addition, completed guides provide the student with the ability to correct a quiz for 1/2 points back! The benefits of such activities, however, go far beyond quiz help and bonus points. 

Mastery of the course and AP exam await all who choose to process the information as they read/receive. This is an optional assignment.

So... young Jedi... what is your choice? Do? Or do not? There is no try.

Pictured: Gilded Age Presidents, Grant-Hayes-Garfield-Arthur-Cleveland-Harrison-Cleveland-McKinley, Public Domain.

Directions:

- 1. Pre-Read:** Read the prompts/questions within this guide before you read the chapter.
- 2. Skim:** Flip through the chapter and note titles and subtitles. Look at images and read captions. *Get a feel for the content you are about to read.*
- 3. Read/Analyze:** Read the chapter. If you have your own copy of AMSCO, **Highlight key events and people as you read.** Remember, the goal is not to "fish" for a specific answer(s) to reading guide questions, but to **consider questions in order to critically understand what you read!**
- 4. Write** Write (do not type) your notes and analysis in the spaces provided. **Complete it in INK!**

Key Concepts FOR PERIOD 6:

Key Concept 6.1: Technological advances, large-scale production methods, and the opening of new markets encouraged the rise of industrial capitalism in the United States.

Key Concept 6.2: The migrations that accompanied industrialization transformed both urban and rural areas of the United States and caused dramatic social and cultural change.

Key Concept 6.3: The Gilded Age produced new cultural and intellectual movements, public reform efforts, and political debates over economic and social policies.

Section 1 Background and Introduction, page 380

Read page 380 and additional information below. Highlight major cues, and answer the question that follows.

The Gilded Age, which spanned the final three decades of the nineteenth century, was one of the most dynamic, contentious, and volatile periods in American history. America's industrial economy exploded, generating unprecedented opportunities for individuals to build great fortunes but also leaving many farmers and workers struggling merely for survival. Overall national wealth increased more than fivefold, a staggering increase, but one that was accompanied by what many saw as an equally staggering disparity between the rich and the poor. Industrial giants like Andrew Carnegie and John D. Rockefeller revolutionized business and ushered in the modern corporate economy, but also, ironically, sometimes destroyed free-market economic competition in the process. Record numbers of citizens voted in national elections, but the politicians they voted for were often lackluster figures who turned a blind eye to the public interest. It was, as Dickens might have said, the best of times and the worst of times. But even that Dickensian understanding of the Gilded Age isn't quite right. It's not enough to say that the Gilded Age was a time of high highs and low lows; the highs and lows were actually often deeply intertwined parts of the exact same developments. In other words, the highs often were the lows, and vice versa. In the Gilded Age, every dark cloud had its silver lining... and every silver lining had its dark cloud. For more than a hundred years, critics have been ripping the business strategies that allowed big industrialists to build powerful monopolies—but those much-maligned monopolies brought desperately needed order to America's immature economic system. Many have also long resented the immense fortunes of personal wealth that a handful of big businessmen were able to acquire—but that wealth paid
