Directions 1: The Circulatory Systems

As you read each word, underline the functions of the circulatory system.

As the components flow, write down their names and functions. Remember, the circulatory system is a closed system.

1. The circulatory system consists of three parts: the heart, the lungs, and the body.

Label: The circulatory system consists of three parts: the heart, the lungs, and the body.

2. The heart pumps blood through a network of blood vessels called blood vessels.

Label:

3. The circulatory system also pumps oxygen and nutrients to the body's cells.

Label:

4. The circulatory system also pumps waste products out of the body's cells.

Label: The circulatory system also pumps waste products out of the body's cells.

5. The circulatory system consists of two parts: the heart and the lungs.

Label: The circulatory system consists of two parts: the heart and the lungs.

As you read each word, underline the functions of the heart.

Label the diagram of the human heart. Use these labels:

artery

pulmonary artery

right ventricle

right atrium

left ventricle

left atrium

pulmonary vein
