Narrative Innovation and Cultural Rewriting in the Cold War Era and After M.

Cornis-Pope, 2016-04-30 Narrative Innovation and Cultural Rewriting undertakes a systematic study of postmodernism s responses to the polarized ideologies of the postwar period that have held cultures hostage to a confrontation between rival ideologies abroad and a clash between champions of uniformity and disruptive others at home Considering a broad range of narrative projects and approaches from polysystemic fiction to surfiction postmodern feminism and multicultural postcolonial fiction this book highlights their solutions to ontological division real vs imaginary wordly and other worldly sociocultural oppositions of race class gender and narratological dualities imitation vs invention realism vs formalism A thorough rereading of the best experimental work published in the US since the mid 1960s reveals the fact that innovative fiction has been from the beginning concerned with redefining the relationship between history and fiction narrative and cultural articulation Stepping back from traditional polarizations innovative novelists have tried to envision an alternative history of irreducible particularities excluded middles and creative intercrossings

Understanding Public Diplomacy in East

Asia Jan Melissen, Yul Sohn, 2016-04-08 Set against the backdrop of tensions in East Asia this book analyzes how East Asia s new middle powers and emerging powers employ public diplomacy as a key element of their foreign policy strategy and in so doing influence regional power dynamics The volume brings together contributions from an international and influential group of scholars who are leading debates on public diplomacy within East Asia Where the study of public diplomacy has so far focused primarily on the West the essays in this book highlight the distinct strategies of East Asian powers and demonstrate that understanding public diplomacy requires studying its strategies and practices outside as much as within the Western world A focus on public diplomacy likewise gives us a more varied picture of state to state relations in East Asia
