### The Highway Transportation System

A. The National Highway Safety Act controls the regulations for vehicle registration, road construction and maintenance, and driver licensing. What do you think the effects on the following would be if suddenly we had no National Highway Safety Act?

#### Roads and Highways:

Inconsistent, possibly unsafe road construction and maintenance from state to state.

#### Drivers and Pedestrians:

Dangerous conditions at intersections and on roads due to different laws from state to state.

#### Cars and Trucks:

With different inspection standards from state to state, or no standards in some states, increased pollution and higher accident rates could occur.
