

## Chapter 33: Restructuring the Postwar World

**Section**  
After the Korean War began, the United States reentered the economy of Western Europe. The Marshall Plan, implemented by President Harry S. Truman, helped to stabilize the European economy and the European Monetary Union.

The United States' commitment to the European Union was the product of the Cold War, development needs, and economic goals could have helped end the European Union.

### Section

The creation of Germany from the Western European economic area could have helped

the United States' economic goals during the Cold War and increase its influence in Europe. However, in 1949, another Marshall Plan was implemented, known as the European Recovery Program. This program of economic reconstruction helped to stabilize the European economy.

After the Marshall Plan was implemented, many European countries, including France, Germany, and Italy, joined together to form the European Economic Community. This economic community was designed to increase the economic stability of the European Union.

The European Economic Community, also known as the European Union, was formed in 1993. The European Union has had a significant impact on the European economy and the European Union's members include France, Italy, Germany, and many other European Union members.
