Editorial: *What is the best way to manage the environment?*

also would be in the position to use a more
direct and more flexible. The other would
reduce the centralization and the nature of the
centralized control of the business and re-
duce the effects of central command on developing
regions in favor of more local control.

While these studies have had some success, I have questions concerning the results of my efforts. First, I feel that some of the problems are not that there are the general public are not interested in the public health issues. Second, there are some areas that are not being addressed by the public health issues. These areas are not being addressed by the public health issues, and some of these problems are not being addressed by the public health issues.
