Time turbulences run rampant, sending whatever is caught in their trap to different times and locations. Survivors find themselves in the past, present, or future, or on other planets. Leaders across the globe, as well as an advanced AI system, are all vying to learn as much as possible about these time anomalies and exploit them as best they can. But the disappearance of a mega-industrialist could have some answers. Meanwhile, a band of heroes embarks on a perilous quest in an alternate world of swords and sorcery.
