Myth Retelling Novel Media Sensation:

From Asgard to Valhalla Heather O'Donoghue,2024-01-25 From Asgard to Valhalla takes readers deep inside Odin's cavernous hall and tells of the adventures, tragedies, and lessons of the Viking Gods. Here Heather O'Donoghue skillfully uncovers both the history and legacy of these myths to provide the authoritative student text on Old Norse mythology. From the magnificent tales of *A Song of Ice and Fire* and the supernatural wonders of Valkyries to Tolkien's *Riders of Rohan* and Marvel's mighty Thor, Norse mythology is a fundamental part of western culture. Drawing from a wealth of sources and scholarly debates, this fully updated and expanded 2nd edition offers both an engaging survey of the Old Norse myths and an accessible introduction to how such strange and fragmentary material has been seized, repurposed, and at times abused throughout the centuries. Notably, this important and timely study explores how Old Norse mythology has been and continues to be weaponized by far-right movements across the world. Containing 2 brand-new chapters on post-medieval reception, 30 illustrations for a stronger visual context, and pedagogical updates throughout to aid further study, this new edition of *From Asgard to Valhalla: The Remarkable History of the Norse Myths* is a vital resource for all students of Old Norse mythology.

Using Art Media in Psychotherapy Michelle L. Dean,2016-01-22 *Using Art Media in Psychotherapy* makes a thoughtful and contextual argument for using graphic art materials in psychotherapy, providing historical context for art materials and their uses and incorporating them with contemporary practices and theories. Written with an analytic focus, many of the psychological references nod to Jung and post-Jungian thought, with keen attention to image and to symbolic function. This book jettisons the idea of reductionist cookbook approaches and instead provides an integrated and contextual understanding of the origins of each art form as well as an insightful use for each in its application in mental health healing practices. *Using Art Media in Psychotherapy* gives clinicians and students alike the tools they need to offer psychologically minded and clinically astute choices that honor their clients.
