

The image features a person from the back, wearing a dark, textured coat with a prominent red collar. The person's head is dark and rounded. The background is a light, textured surface, possibly a wall or paper, covered in a dense, chaotic web of thin, dark lines. Several bright red lines are also visible, some crossing the dark lines and others appearing as distinct, flowing paths. The overall composition suggests a sense of being trapped or overwhelmed by a complex, tangled network.

and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book *Under Her Influence* Amanda Radley, 2021-06-15 Fraser Park the award winning Scottish nature reserve and theme park means everything to Beth Fraser She s more than a little preoccupied saving her family s legacy and struggling against a board of directors who all seem to hate her The last person she wants to need is selfie obsessed filtered to perfection social media influencer Jemma Johnson But she s got to protect Fraser Park from a corporate takeover and according to her brother that means boosting their online presence Jemma might be necessary but Beth doesn t have to like her or follow her or whatever it s called Jemma Johnson an Insta success with hundreds of thousands of followers is proud of her perfectly curated life When she s invited to stay at Fraser Park the trip sounds like a fun adventure for a good cause until she meets Beth the only woman who sees beneath her sparkly facade and reminds her that not everything is as easy or flawless as it seems On their
