

# THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "time".  
You can check the box, but measure the results.  
You only measure progress when you move to goals,  
prioritize, communicate priorities, and continue to  
prioritize, communicate priorities, and continue to

do. For the most part, I just move on and do what  
needs to be done. I don't focus on what to do first  
or the priority of doing something. You can do  
it all and still move on to the next

right priorities.

1. **Set your goals.** You can't move forward  
without a clear idea of where you want to go.  
Goals are the driving force behind your  
productivity. Set them, and then move on to  
prioritize, communicate priorities, and continue to
2. **Communicate priorities.** You can't move forward  
without a clear idea of where you want to go.  
Goals are the driving force behind your  
productivity. Set them, and then move on to  
prioritize, communicate priorities, and continue to
3. **Prioritize.** You can't move forward  
without a clear idea of where you want to go.  
Goals are the driving force behind your  
productivity. Set them, and then move on to  
prioritize, communicate priorities, and continue to

## STEP 3

### FOCUS ON RESULTS.

As many entrepreneurs work to stay ahead of their day-to-day tasks, it's easy to lose focus on what's important. That's where this section comes in to help you prioritize, communicate priorities, and continue to move forward. By doing this, you'll be able to focus on what's important, and achieve more.

#### New business

New business owners need to focus 80 percent of their energy on what's important. The time and effort required to build a company and complete its initial milestones are critical, but the most important thing is to prioritize and communicate priorities, and continue to move forward.

The Pareto principle, also known as the 80/20 rule, is based on the concept of power law distributions. It states that 80% of the outcomes are produced by 20% of the inputs, and most of the time and effort is spent on 20% of the tasks, which produces 80% of the results.

For entrepreneurs, it's all about focus. That's why this book guides you through your business.
