Blueprint Gothic Fantasy:

The Radical Fiction of Ann Petry Keith Clark, 2013-06-03 In his in depth analysis of the works of Ann Petry 1908 1997 Keith Clark moves beyond assessments of Petry as a major mid twentieth century African American author and the sole female member of the Wright School of Social Protest He focuses on her innovative approaches to gender performance sexuality and literary technique Engaging a variety of disciplinary frameworks including gothic criticism masculinity and gender studies queer theory and psychoanalytic theory Clark offers fresh readings of Petry s three novels and collection of short stories He explores for example Petry s use of terror in *The Street* where both blacks and whites appear physically and psychically monstrous He identifies the use of dark comedy and the macabre in the stories *The Bones of Louella Brown* and *The Witness* Petry s overlooked second novel *Country Place* set in a deceptively serene Connecticut hamlet camouflages a world as nightmarish as the Harlem of her previous work While confirming the black feminist dimensions of Petry s writing Clark also assesses the writer s representations of an array of black and white masculine behaviors some socially sanctioned others taboo in her unheralded masterpiece *The Narrows* and her widely anthologized short story *Like a Winding Sheet* Expansive in scope *The Radical Fiction of Ann Petry* analyzes Petry s unique concerns and agile techniques situating her among more celebrated male contemporary writers Blueprint ,2009 The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art **The Bibliography of Crime Fiction, 1749-1975** Allen J. Hubin, 1979

Communication in Postmodern Urban Fiction Lisann Anders, 2020-05-20 We cannot imagine our world without its digital mirror anymore We communicate to others in mediated ways and even create ourselves through our technological devices presenting an imagined version of us to the outside world This book is concerned with precisely this imagination of the self in an increasing digitalized society going back to the beginning of our digital age to the peak of postmodernism at the end of the 20th century Looking at urban fiction from the 1980s to the early 2000s the journey of fictional protagonists through the streets of mostly New York City reveals an anxiety about the loss of self in the virtual culminating in violence and destruction From Auster and Ellis to Palahniuk and DeLillo this book highlights how an increasingly distanced communication triggers the imagination of violence making it an insightful read for scholars and aficionados of city literature postmodernism and communication alike *The Representation of Men in the English Gothic Novel, 1762-1820* Kate E. Behr, 2002 Dr Behr has an engaging and lively mode of dealing with her chosen subject one which is in itself an attractive and original one moving as it does beyond the conventional stereotypes of the Gothic to reach a number of convincing reassessments of both gender and genre in this context The examination of the various aspects of male identity is insightful and controlled and Dr Behr s facility for the apposite and pithy phrase cuts to the heart of the discussion facilitating the flow of her ideas **Blueprint Europe A-Z** Anna-Lena Bergkvist, 1991 Provides brief introductions to traveling in each of the

countries of Europe including newly changed Eastern Europe that cover such details as climate transportation crime social customs food and places to see

Dickens and Benjamin Gillian Piggott, 2016-04-15 Placing the works of Charles Dickens and Walter Benjamin in conversation with one another Gillian Piggott argues that the two writers display a shared vision of modernity Her analysis of their works shows that both writers demonstrate a decreased confidence in the capacity to experience truth or religious meaning in an increasingly materialist world and that both occupy similar positions towards urban modernity and its effect upon experience Piggott juxtaposes her exploration of Benjamin's ideas on allegory and messianism with an examination of Dickens's *The Old Curiosity Shop* arguing that both writers proffer a melancholy vision of a world devoid of space and time for religious experience a state of affairs they associate with the onset of industrial capitalism In Benjamin's *The Arcades Project* and Dickens's *Sketches by Boz* and *Tale of Two Cities* among other works the authors converge in their hugely influential treatments of the city as a site of perambulation creativity memory and autobiography At the same time both authors relate to the vertiginous mutable fast paced nature of city life as involving a concomitant change in the structure of experience an alteration that can be understood as a reduction in the capacity to experience fully Piggott's persuasive analyses enable a reading of Dickens as part of a European particularly a German tradition of thinkers and writers of industrialization and modernity For both Dickens and Benjamin truth appears only in moments of revelation in fragments of modernity

Science and Destabilization in the Modern American Gothic David

Oakes,2000-06-30 The writers of Gothic literature reflect in their works the concerns and fears of the times in which they were created not only making these tales cultural artifacts of a previous time but also showing how some sources of dread remain constant over the passage of centuries This book examines how H P Lovecraft Richard Matheson and Stephen King have used science and technology in their modern Gothic works to destabilize the reader that is to create the sense of fear and dread at the heart of the Gothic genre In doing so these works force readers to ask disturbing questions about the society around them and to challenge long accepted notions and belief systems **Lesbian Gothic** Paulina Palmer,1999 Tracing the growth of lesbian Gothic fiction over the 25 years since the advent of the Women s Movement and Gay Liberation in the 1970s this text discusses a wide selection of novels and stories contextualizing and re evaluating them in the light of changing currents in lesbian queer culture and politics The figure of the lesbian frequently portrayed in a homophobic misogynistic light has long been a standard component of popular Gothic fiction and film The author argues however that in more contemporary fiction motifs and modes of fiction with Gothic associations such as the witch the vampire the spectral visitor and the Gothic thriller have been appropriated by writers adopting a lesbian viewpoint to articulate the transgressive aspect of lesbian sexuality and existence Romantic Reassessment ,1986 *Naked Angels* John Tytell,2006-01-19 Jack Kerouac Allen Ginsberg and William S Burroughs their emergence in the late 1950s as the leading figures of the Beat movement marked one of the most spectacular developments in post World War II American literature John Tytell s classic study examines their attempt to redefine a complacent society s notion of sanity and normalcy and to reinvent their own lives through jazz drugs and law breaking acts that ultimately led to new forms of expression A fascinating blend of literary and social criticism history and biography *Naked Angels* is an indispensable introduction to the lives and work of these seminal figures and an unsurpassed look at the powerful influence they had on the 1960s and beyond Guide to the Gothic Frederick S. Frank,1984
