Through the identification of mythic themes mythemes and patterns within these novels González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience. As a result Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception. These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e.g. Persephone's descent into the underworld her existence there and her re ascent or de emphasised e.g. the mourning and wanderings of Demeter.
