downloaded from FEMA gov at no cost This book contains additional helpful tabs and pages for notes *Revised Statutes of
the State of Illinois* Illinois,1925 *Community Emergency Response Team* Homeland Security Dept., Federal Emergency
Management Agency,2018 CERT Community Emergency Response Team is a critical program in the effort to engage
everyone in America in making their communities safer more prepared and more resilient when incidents occur Community
based preparedness planning allows us all to prepare for and respond to anticipated disruptions and potential hazards
following a disaster As individuals we can prepare our homes and families to cope during that critical period Through pre
event planning neighborhoods and worksites can also work together to help reduce injuries loss of lives and property damage
Neighborhood preparedness will enhance the ability of individuals and neighborhoods to reduce their emergency needs and
to manage their existing resources until professional assistance becomes available Studies of behavior following disasters
have shown that groups working together in the disaster period perform more effectively if there has been prior planning and
training for disaster response These studies also show that organized grassroots efforts may be more successful if they are
woven into the social and political fabric of the community neighborhood associations schools workplaces places of worship
and other existing organizations Effective response therefore requires comprehensive planning and coordination of all who
will be involved government volunteer groups private businesses schools and community organizations With training and
information individuals and community groups can be prepared to serve as a crucial resource capable of performing many of
the emergency functions needed in the immediate post disaster period The CERT Program is designed to train individuals to
be assets to help communities prepare for effective disaster response Audience Effective response therefore requires
comprehensive planning and coordination of all who will be involved government volunteer groups private businesses schools
and community organizations With training and information individuals and community groups can be prepared to serve as a
