**Four Portraits, One Jesus Workbook** Mark L. Strauss, 2020-03-24 This workbook accompanies Mark L. Strauss's *Four Portraits, One Jesus*. Following the textbook's structure, it offers readings from the Gospels, activities, and exercises designed to support the students' learning experience and enhance their comprehension of what can be known from the Gospels about the central defining subject of Christianity: Jesus of Nazareth. *Four Portraits, One Jesus* is a thorough yet accessible introduction to the four biblical Gospels and their subject: the life and person of Jesus. Like different artists rendering the same subject using different styles and points of view, the Gospels paint four highly distinctive portraits of the same remarkable Jesus. With clarity and insight, Mark Strauss illuminates these four books, addressing the following important areas: First, he addresses the nature, origin, methods for study, and historical, religious, and cultural backgrounds of the Gospels. He then moves on to a closer study of each narrative and its contribution to our understanding of Jesus, investigating things such as plot, characters, and theme. Finally, he pulls it all together with a detailed examination of what the Gospels teach about Jesus' ministry, message, death, and resurrection, with excursions into the quest for the historical Jesus and the historical reliability of the Gospels.

New college instructors often complain they are handed their working papers and office keys shortly after their appointments and then set adrift. Nilson teaches effectiveness and innovation. Clemson U gives practical advice on preparing for classes, including ways to develop ironclad syllabi, setting expectations of and for students, including managing incivility, preserving academic honesty amongst a student population which is simply not interested in it, identifying varieties of learning, and developing teaching strategies, teaching problem solving, and assessing outcomes. In this new edition, Nilson

includes information on the Internet and other technologies course portfolios and ways to get students to do readings
