an even greater meaning Our sense of balance thirst for knowledge and approach to health career finances and relationships required even more forethought and attention than ever before Envisaging future tomorrows puts us in a better position to deal with today At some point we knew the planet s current nightmare would end and an unpredictable new normal would emerge Having the mental discipline to envisage a different life and a different life stage makes us smarter more adaptable and more conscious of our choices every day This book is all about decision making COVID 19 just made us consider our daily decisions with another unknown variable It reinforced my belief that planning both past and present holds meaning and resonance in times of stress and greatest uncertainty just as it does when life seems more normal Unpredictability is part of life Efrain Rovira wanted nothing more than to be an engineer while growing up in Panama His rationale was simple Engineers in Panama were paid well and he wanted to live a secure comfortable life So he started planning ahead The fact that his peers who also wanted to be engineers did not do the same floored him and their diverging paths convinced him to make planning and visualizing a key part of life moving forward At so many junctures he found himself thinking about not only the best choice for that moment but the long term In this guide to planning for a better life he reveals how to think and plan rigorously for the future set yourself up for future happiness and appreciate how thinking about tomorrow can influence every aspect of life The book helps readers navigate the complex web of work by showing how influence is more effective than title what organizations value and the critical attributes for career success It also explores ways to promote financial and physical health Get a strategic long term plan and work toward your dreams with the insights and lessons in *The Me of Tomorrow* *The Video Source Book* David J.
