given the keys of our lives to others A famous celebrity does something and you also want to do the same without even thinking about the futility of the action Someone abuses you on the way to work and the whole day your brain remains engaged thinking about it Such things are reactions and not conscious actions Meditation is the way to declutter the mind It helps you in observing your life from a distance for a moment so that you can make conscious decisions If you want to achieve a state of thoughtless awareness where every decision is simply not a reaction to the actions in the past meditation is the way to do that This of book has the best collection of bedtime stories perfect for every day guided meditation to stop anxiety and fall asleep fast with self hypnosis **Bedtime Stories for Kids** Paul Steven, 2021-03-07 55% discount for bookstores Now at 35.99 instead of 45.99 If you're looking for stories to help your child fall asleep safe and happy with the skill of mindfulness then this is the perfect book Your clients are becoming to be very satisfied and won't be ready to do without this book The reading time before bed has practical effects and when kiddos are so young they are doing not necessarily understand the sensible benefits They only know that they enjoy having a story being read to them Storytime before bed is bonding time with Mom or Dad or both Kids are soothed to sleep by the sound of their mother or father's voice The bedtime story is the inspiration for the dreams that your child may need in the dark It's also the food for the child's conscious mind as they are going about their day Children also are greatly influenced when it involves personality traits Through stories our youngsters learn many of the values and character traits that they're going to hold on to and hopefully demonstrate later in life as they get older Kids learn who they need to emulate who they need to be and the way they ought to treat others With fantasy stories there's one extra benefit it works out their mind and imagination and provides the gift of what might be It is remarkable how things that never were and never are going to be can serve us in life Our fantasy worlds give us gifts just like the concept of inclusion of all species and other people even those from space Fantasy gives human voices and words to animals and machines even robots Fantasy helps us learn to empathize with people and creatures that are entirely different from us It teaches us to think before we react to something unfamiliar and the way those that aren't like us might feel from our words They're feeding their child's imagination what's so important that is that the imagination is where our greatest and most vital creations inventions and concepts come from Those creations and inventions become subsequent generation's technology The ideas grow bigger and opened up to become movements Sometimes those ideas become stories of their own for the subsequent generation of readers and dreamers This Book Covers THE SUCCESSFUL PARTY EAT ME THE MOLTS 24 THE GUY WITH RED HAIR CAVITIES THE SHADOW DIVERSITY IN FAMILY A DREAM IN THE TRAIN FAIRYLAND A MAGICAL RIDE THE STRANGE DIAMOND THE SQUIRREL WITH AN ANT IN ITS HEART 69 THE MYSTERIOUS WRITER THE ELIXIR OF LONG LIFE A LONG AWAITED RETURN THE NIGHT BUS With imagination we traveled back in time and interacted with pirates knights and dinosaurs Once we were sad our fantasy world cheered us and made us smile Our fantasy world gave us something to share with our friends who in turn helped us grow emotionally and

surprise my children slept better had more energy and were less stressed. However I found it was not just guided meditation alone that helped my children sleep better and release anxiety. The guided meditation practices need to be combined with deeper elements: captivating stories, mindfulness and emotional signposts for children to get the full benefit. Understandably your child will feel tense, stressed and riddled with anxiety in this fast paced and multi tasking world. Meditation experts encourage including guided meditations as part of your child's bedtime routine. By doing so you create a positive experience in which your child feels warm, safe, happy and comfortable. This book helps your child to cultivate their inner calm and unlock the emotional signpost for successful meditation. The twenty bedtime stories are designed to take your child into a meditative and mindful state at their level in a fun, playful and gentle way. Some stories include everyday settings like the beach while others focus on fantasy. Guided Meditation and Bedtime Stories for Kids aims to stimulate your child's imagination while teaching them the art of meditation and mindfulness. The stories are designed to be read before bed to ensure a deep and restful sleep but they can also be read during the daytime.
