The Beautiful Stories of Life Cynthia Rylant, 2009 Retells the myths about Pandora Persephone Orpheus Pygmalion Narcissus and Psyche *Literature for Young Adults* Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they're reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading **Children's Books on Ancient Greek and Roman Mythology** Antoine Brazouski, Mary J Klatt, 1993-11-23 The classical heritage continues to impact modern culture in many ways This bibliography lists and describes those books on Greek and Roman mythology from the mid 19th century to the present which are useful for introducing children to the classical world The volume begins with a brief history of children's books on classical mythology in the United States A chapter then discusses the various techniques through which classical myths were adapted for children The annotated bibliography follows with each entry including a critical annotation on how closely the work adheres to the original myth Each entry also includes an indication of the grade level of each book Indexes allow the user to locate sources according to title illustrator time period myth and subject **Classical Reception and the Rewriting Turn in Contemporary Women's Fiction** Daniel Nisa Cáceres, Rosario Moreno Soldevila, 2025-11-24 Classical Reception and the Rewriting Turn in Contemporary Women's Fiction raccoglie diverse contributi accademiche nel campo degli studi sulla ricezione classica concentrandosi in particolare sulla rivitalizzazione e la rielaborazione delle narrazioni mitologiche nella fiction contemporanea di scrittrici anglofone tra cui Margaret Atwood Pat Barker Victoria Grossack e Alice Underwood Natalie Haynes Emily Hauser Rosie Hewlett e Madeline Miller Queste autrici interagiscono con i miti antichi non come narrazioni fisse o fonti di ispirazione ma come testi dinamici che riflettono e plasmano le preoccupazioni in evoluzione del pensiero femminista moderno Rielaborando figure come Clitennestra Andromaca Medusa e Penelope queste scrittrici creano nuovi spazi per la soggettività femminile le dinamiche relazionali la

sorellanza l'agency e la resistenza contribuendo a una continua riorganizzazione delle identità di genere e dei valori sociali. Le opere esplorate in questo volume non sono semplici revisioni letterarie: esse rappresentano atti di riappropriazione offrendo letture sfumate del mito che parlano delle questioni urgenti del nostro tempo: disuguaglianza di genere, violenza sessuale e guerra, giustizia ecologica e il potere stesso della narrazione. Il volume si apre con un'introduzione teorica che definisce e contestualizza questo movimento come il *rewriting turn*, con l'ultimo capitolo che presenta uno studio sulle riscritture femminili nel polisistema letterario spagnolo invitando studiosi e lettori a un dialogo globale sul ruolo delle scrittrici nella creazione dei miti. Il libro si conclude con un'intervista a Emily Hauser, scrittrice e studiosa del mondo classico. Insieme i capitoli di questo volume evidenziano il potere trasformativo addirittura rigenerativo della ricezione classica nella scrittura femminile contemporanea. DOI 10.13134/9791259775306

Craig Russell breathe new life into the ancient Norse stories in this comic book adaptation of the hit novel *Norse Mythology*. In this third volume, Gaiman and Russell once more team with a legendary collection of artists to bring more Norse myths to life, including a wild quest where Thor and Tyr face a multiheaded giantess, fire-breathing sea serpents, and more bizarre mythological creatures. The journey of Odin to the end of the world, and finally we reach the end of the world: Ragnarok, the final destiny of the gods. Collects *Norse Mythology* III 1-6, featuring art by P. Craig Russell, David Rubín, Colleen Doran, and Galen Showman.

**Refashioning Myth** David McInnis, Eric Parisot, Jessica Wilkinson, 2020-05-15. Robert Graves tells us that the poet's first enrichment is a knowledge and understanding of myths. Certainly, as this collection of essays, poems, and visual images affirms, mythology has been a field richly mined by poets and artists from antiquity through to the present day. It is testament to both the enduring power of myth as well as the adaptability of its form that poets and writers continually turn to the mythic for both inspiration and guidance. This volume presents a diverse collection of analytical and creative works by scholars, poets, and visual artists in response to their varied explorations of the prolific dialogue that exists between myth and poetry.
