Vampire Romance Saga Media Sensation:

The Twilight Saga Claudia Bucciferro, 2013-12-12 When Stephenie Meyer's first novel *Twilight* was published in 2005 it had an astounding reception selling millions of copies. The three sequels that followed *New Moon*, *Eclipse*, and *Breaking Dawn* became international bestsellers as well. The worldwide success of the movie adaptations further cemented the series as a cultural force on par with other popular franchises such as *Harry Potter*. But why is this? What is it about *Twilight* that makes it so appealing to people? And what does *Twilight*'s success reveal about transnational cultural trends? In *The Twilight Saga: Exploring the Global Phenomenon*, Claudia Bucciferro has assembled a collection of essays that examine the series from a variety of perspectives. The essays in this volume consider both the books and the movies, emphasizing the relationships among the texts, the audience, the entertainment industry, and other aspects of the multimillion-dollar franchise. Organized into five sections, the chapters offer a contextualization of the series, appeal, explore different types of *Twilight* audiences, analyze the cultural referents associated with the main characters, and present new ideas regarding representations of gender, sex, class, and race. Concluding essays examine the saga's influence, unveiling its links to newer works such as *The Hunger Games*, *True Blood*, and *Fifty Shades of Grey*. Making sense of how the popular franchise fits within larger contexts, this collection addresses *Twilight* from an interdisciplinary framework including insights from history, philosophy, literature, sociology, fan studies, intercultural communication, film studies, and more. Featuring contributions by scholars from the United States, France, Spain, Chile, and Australia, this book emphasizes the international and intercultural relevance of the *Twilight* phenomenon. The collection is aimed at scholars and students of media and popular culture, but it will also appeal to general readers who are familiar with the series.

Kinderculture Shirley R. Steinberg, 2018-05-04 America is a corporatized society defined by a culture of consumerism, and the youth market is one of the groups that corporations target most. By marketing directly to children through television, movies, radio, video games, toys, books, and fast food, advertisers have produced a kinderculture. In this eye-opening book, editor Shirley R. Steinberg reveals the profound impact that our purchasing-obsessed culture has on our children and argues that the experience of childhood has been reshaped into something that is prefabricated. Analyzing the pervasive influence of these corporate productions, top experts in the fields of education, sociology, communications, and cultural studies contribute incisive essays that students, parents, educators, and general readers will find insightful and entertaining. Including seven new chapters, this third edition is thoroughly updated with examinations of the icons that shape the values and consciousness of today's children, including *Twilight*, *True Blood*, and vampires, hip hop, *Hannah Montana*, Disney, and others.

The CW Comes of Age Ashley Lynn Carlson, Lisa K. Perdigao, 2022-03-28 Often overlooked in the history of broadcast television, The CW became a top-rated cable network in primetime during the mid-2000s at a moment when many critics predicted the death of the medium. Launched as a joint venture and successor to The WB and UPN, The CW focused programming on an 18 to 34-year-old predominantly female

audience and soon won over viewers with shows like Gossip Girl Jane the Virgin and the DC Arrowverse franchise Nimble adapting to the streaming services era the network has strengthened new series development and its innovative distribution system This collection of new essays examines The CW's business model marketing strategies and most popular series

Race in the Vampire Narrative, 2015-01-01 Race in the Vampire Narrative unpacks the vampire through a collection of classroom ready original essays that explicitly connect this archetypal outsider to studies in race ethnicity and identity Through essays about the first recorded vampire craze television shows True Blood and Being Human movies like Blade Trinity and Underworld to the presentation of vampires of colour in romance novels graphic novels on stage and beyond this text will open doorways to discussions about Otherness in any setting serving as an alternative way to explore marginality through a framework that welcomes all students into the conversation Vampires began as terrors nightmares the most horrifying of creatures now they are sparkly antiheroes more likely to kill your dog than drink you to death commodified absorbed and defanged Race in the Vampire Narrative demonstrates that the vampire serves as a core metaphor for the constructions of race and the ways in which we identify manufacture and commodify marginalized groups By drawing together disparate discussions of non white vampires in popular culture the collection illustrates the ways in which vampires can be used to explicitly help students understand ethnicity in the modern world making this the perfect companion text to any course from First Year Studies Sociology History Cultural Studies Women's Studies Criminal Justice and so much more
