The Publishing Business Kelvin Smith, Melanie Ramdarshan, Bold, 2024-01-11 Are you considering a career in the world of publishing or simply want to understand more about the industry? If so, *The Publishing Business* will take you through the essential publishing activities performed in editorial, rights, design, production, sales, and marketing departments. International examples from across the industry, from children's books to academic monographs, demonstrate key responsibilities at each stage of the publishing process and how the industry is adapting to digital culture. This 3rd edition has been updated with more on the role of self-publishing, independent publishers, audio books, the rise of poetry and non-fiction, and how the industry is facing up to challenges of sustainability, inclusivity, and diversity. Beautifully designed and full of insight and advice from practitioner interviews, this is an essential introduction to a dynamic industry. Interviewees include Anne Meadows, Commissioning Editor at Granta and Portobello Books; Zaahida Nabagereka, Head of Social Impact at Penguin Books UK; Ashleigh Gardner, Senior Vice President Managing Director, Global Publishing at Wattpad; Caroline Walsh, Literary Agent at David Higham Associates; Peter Blackstock, VP Deputy Publisher at Grove Atlantic; Publisher at Grove Press UK; Amy Ellis, Head of Rights and Permissions Publishers Licensing Services at Victoria Lawrence Rights Manager at Bloomsbury Publishing Plc; Shaun Hodgkinson, COO at Dorling Kindersley Thomas Truong, Publishing Director at Little Tiger Group; Jenny Blenk, Associate Editor at Dark Horse Comics; Jeanette Morton, Digital Publisher at Oxford University Press; Maria Vassilopoulos, Publishing Sales at Uni of Wales Press and Calon Books; Ian Lamb, Head of Children's Marketing and Publicity at Simon and Schuster. [The Goddess Myth in Contemporary Literature and Popular Culture](#) Mary J. Magoulick, 2022-02-04 Honorable Mention for the 2022 Eli Kng's Maranda Prize awarded by the Women's Section of the American Folklore Society. Goddess characters are revered as feminist heroes in the popular media of many cultures. However, these goddess characters often prove to be less promising and more regressive than most people initially perceive. Goddesses in film, television, and fiction project worldviews and messages that reflect mostly patriarchal culture. Included: essentialized gender assumptions in contrast to the feminist empowering levels many fans and critics observe. Building on critiques of other skeptical scholars, this feminist folkloristic approach deepens how our remythologizing of the ancient past reflects a contemporary worldview and rhetoric. Structures of contemporary goddess myths often fit typical extremes as either vilified, destructive, dark, and chaotic (typical in film or television) or romanticized, positive, even utopian (typical in women's speculative fiction). This goddess spectrum persistently essentializes gender stereotyping women as emotional, intuitive, sexual, motherly beings, good or bad, precluded from complex potential and fuller natures. Within apparent good over evil pop culture narrative frames, these goddesses all suffer significantly. However, a few recent intersectional writers like N.K. Jemisin break through these dark reflections of contemporary power dynamics to offer complex characters who evince hopepunk. They resist typical simplified reductionist absolutes to offer messages that resonate with potential for today's world. Mythic narratives featuring goddesses often do but

need not serve merely as ideological mirrors of our culture's still problematically reductionist approach to women and all humanity *Millennials and Gen Z in Media and Popular Culture* Mary Z. Ashlock, Ahmet Atay, 2023-01-17 Millennials and Gen Z in Popular Culture examines media and popular culture forms for and about millennials and Generation Z. In this collection contributors articulate the need for studying cultural artifacts connected to members of these generations. Rather than focusing on each generation specifically this collection takes an intergenerational approach placing them in dialogue with one another by focusing on media and experiences that are geared toward both. Scholars of media studies, popular culture, and sociology will find this book of particular interest *Just Read It* Jarred Amato, 2024-01-28 This title investigates the power of independent reading to turn around the reading attitudes of students and help them achieve gains in all areas of literacy learning and civic engagement

Library Journal, 2009 *The School Library Manager* Blanche Wools, Joyce Kasman Valenza, April M. Dawkins, 2023-06-15 The seventh edition of this comprehensive school library management text expands upon the role of the school librarian especially in the ever growing digital realm and highlights the importance of school librarian leadership and outreach. In an era of budget cuts reduced staffing and a global pandemic it's more important than ever for new LIS professionals and established school librarians and administrators to demonstrate the value of school libraries to decision makers. This revised and updated edition of a classic text adds two well known authors to help lead readers through the many essential management tasks and skills required to administer the successful school library program. It emphasizes the importance of the school librarian in providing digital access to information for teachers and students, describes how facilities are being modified to accommodate new resources and programming and offers new ways to use AASL standards to evaluate programs. All chapters are updated and the text addresses such timely subjects as providing information resources when students, teachers and librarians are interacting online. A new chapter highlights the importance of the school librarian's leadership in schools, districts and communities. This invaluable textbook teaches practical skills for school library management and offers inspiration and guidance for growing LIS careers
