Lingarchani,Abhishek Srivastava,2020-07-09 It is our pleasure to present the second edition of this book The first edition was  
released couple of years back Since then we wanted to add several things to enable revision of BABOK more meaningful and  
quicker So here we are Our objective to write this book was to create a concise revision guide for Business Analysis Body of  
Knowledge BABOK guide v3 0 BABOK is a big book with around five hundred pages and revising BABOK can be cumbersome  
So how does it help you in revising One of the proven revision approaches is to create notes We conceptualised this revision  
guide as notes So the first edition was written as notes based on BABOK It simply summarised BABOK v3 and was much  
smaller than BABOK However we wanted to make it more meaningful for all the readers So we have now added concept  
notes mock questions crosswords and matchmaking Most importantly we have added case studies in this book which are real  
life case studies Each case study explains the scenario and provides examples of the application of concepts Each case study  
also has questions for you to practice We have also added examples at the end of Techniques chapter The examples are  
added to help you see the real life usage of the technique It is added for selected techniques The guide is meant for  
professionals who are planning to undertake CCBA and CBAP certification examination This revision guide covers these  
BABOK chapters key concepts all the six Knowledge Areas Perspectives and all the 50 Techniques For the best results this  
revision guide must be picked up after you have gone through the BABOK guide once You will find all the key aspects of  
BABOK in this guide This means that you do not need to pick up BABOK again All the best for the your exam We will be  
happy to know your feedback
