Cattle Brands Andy Adams, 2020-02-29 The cattle were looking as fine as silk The lay overs had rested them The horses were in good trim considering the amount of wet weather we had had Here and there was a nigger brand but these saddle galls were unavoidable when using wet blankets The cattle were twos and threes We had left western Texas with a few over thirty two hundred head and were none shy We could have counted out more but on some of them the Hat brand had possibly faded out We went into a cosy camp early in the evening Everything needful was at hand wood water and grass Cowmen in those days prided themselves on their outfits and Carter was a trifle gone on his men With the cattle on hand drinking was out of the question so the only way to show us any regard was to bring us a box of cigars He must have brought those cigars from Texas for they were wrapped in a copy of the Fort Worth Gazette It was a month old and full of news Every man in the outfit read and reread it There were several train robberies reported in it but that was common in those days They had nominated for Governor The Little Cavalryman Sol Ross and this paper estimated that his majority would be at least two hundred thousand We were all anxious to get home in time to vote for him Theodore Baughman was foreman of our outfit Baugh was a typical trail boss He had learned to take things as they came play the cards as they fell and not fret himself about little things that could not be helped If we had been a month behind he would never have thought to explain the why or

**The Horsemen of the Americas and the Literature They Inspired** Edward Larocque Tinker,2014-11-11

Wherever cattle have been raised on a large scale horsemen have been there to handle them and wherever these horsemen have existed they have left an indelible mark upon the history of the land Frequently they have been ignorant violent and brutal Always they have been vigorous and individualistic They have taken their herds into frontier areas opened new country fought and driven off earlier inhabitants participated in revolutions battled among themselves and generally lived lives which colorful and somewhat frightening to their contemporaries have become robust legends to those who followed them Edward Larocque Tinker portrays the life of these people in the two Americas the conditions which created them and those that ultimately destroyed or transformed them Ever since I was a small boy when my parents returned from Mexico bringing me a charro outfit complete with saddle and bridle Latin America has beckoned with the finger of romance Mr Tinker recalls As soon as I was old enough I made many trips to Mexico and in the days of Porfirio D az learned to know it from the border to the Isthmus of Tehuantepec During the Revolution I was with General Ivaro Obreg n when he was a Teniente Coronel in his Sonora Campaign and although I was only a lawyer on a holiday took care of his wounded in the battel of San Joaquin Later in Pancho Villa s train I was present at Celaya when he was defeated by Obreg n Always an ardent horseman I worked many a roundup with the vaqueros of Sonora and Chihuahua and with the cowboys of our Southwest I saw the similarity between the American cowboy the Argentine Gaucho and the Vaquero of Mexico They all received their gear and technique of cattle handling from Spain and developed the same independence courage and hardihood I thought if these qualities were better known they might serve as a bridge to closer understanding throughout the Americas From his study of the lives of these horsemen Tinker proceeds to an examination of the literature that evolved among and then about them The first and largest part of the book deals with the gaucho of Argentina and Uruguay The second and third sections examine the charro of Mexico and the cowboy of the United States
