Caught Looking Feminism Pornography And Censorship

Clare Brant, Yun Lee Too

Caught Looking Feminism Pornography And Censorship:

Caught Looking ,1992 **Caught Looking** Hannah Alderfer,Kate Ellis,1986 *Caught Looking* *Caught Looking*,
Inc,1988 **Porn Studies** Linda Williams,2004 In her pioneering book Hard Core Linda Williams put moving image
pornography on the map of contemporary scholarship with her analysis of the most popular and enduring of all film and video
genres Now fifteen years later she showcases the next generation of critical thinking about pornography and signals new
directions for study and teaching Porn Studies resists the tendency to situate pornography as the outer limit of what can be
studied and discussed With revenues totaling between ten and fourteen billion dollars annually more than the combined
revenues of professional football basketball and baseball visual hard core pornography is a central feature of American
popular culture It is time Williams contends for scholars to recognize this and give pornography a serious and extended
analysis The essays in this volume move beyond feminist debates and distinctions between a good erotica and a bad hard
core Contributors examine varieties of pornography from the tradition of the soft core pin up through the contemporary hard
core tradition of straight gay and lesbian videos and dvds to the burgeoning phenomenon of pornography on the Internet
They explore as examples of the genre individual works as divergent as The Starr Report the pirated Tommy Lee Pamela
Anderson honeymoon video and explicit Japanese ladies comics consumed by women They also probe difficult issues such as
the sexualization of race and class and the relationship of pornography to the avant garde To take pornography seriously as
an object of analysis also means teaching it Porn Studies thus includes a useful annotated bibliography of readings and
archival sources important to the study of pornography as a cultural form Contributors Heather Butler Rich Cante Jake Gerli
Minette Hillyer Nguyen Tan Hoang Despina Kakoudaki Franklin Melendez Ara Osterweil Zabet Patterson Constance Penley
Angelo Restivo Eric Schaefer Michael Sicinski Deborah Shamoon Maria St John Tom Waugh Linda Williams Defending
Pornography Nadine Strossen,2024-03-05 A new edition of a groundbreaking feminist defense of pornography as free speech
Named a Notable Book by The New York Times Book Review in 1995 Defending Pornography examines a key question that
has divided feminists for decades is censoring pornography good or bad for women Nadine Strossen makes a powerful case
that increasing government power to censor sexual expression beyond the limits that the First Amendment sensibly permits
for example outlawing child pornography would do more harm than good for women and others who have traditionally been
marginalized due to sex or gender She explains how the very anti porn laws pushed by some feminists have led to the
censorship of LGBTQ and feminist works and she examines the startling connections between anti porn feminists and right
wing fundamentalists In an illuminating new Preface Strossen lays out the multiple current assaults on sexual expression
which continue to come from across the ideological spectrum She shows that freedom for such expression remains an
essential prerequisite for the equality safety and dignity of women and sexual gender minorities *In Visible Archives*
Margaret Galvan,2023-09-26 Analyzing how 1980s visual culture provided a vital space for women artists to theorize and

visualize their own bodies and sexualities In 1982 the protests of antiporn feminists sparked the censorship of the Diary of a Conference on Sexuality a radical and sexually evocative image text volume whose silencing became a symbol for the irresolvable feminist sex wars In Visible Archives documents the community networks that produced this resonant artifact and others analyzing how visual culture provided a vital space for women artists to theorize and visualize their own bodies and sexualities Margaret Galvan explores a number of feminist and cultural touchstones the feminist sex wars the HIV AIDS crisis the women in print movement and countercultural grassroots periodical networks and examines how visual culture interacts with these pivotal moments She goes deep into the records to bring together a decade s worth of research in grassroots and university archives that include comics collages photographs drawings and other image text media produced by women including Hannah Alderfer Beth Jaker Marybeth Nelson Roberta Gregory Lee Marrs Alison Bechdel Gloria Anzald a and Nan Goldin The art highlighted in In Visible Archives demonstrates how women represented their bodies and sexualities on their own terms and created visibility for new diverse identities thus serving as blueprints for future activism and advocacy work that is urgent now more than ever as LGBTQ and women s rights face challenges and restrictions across the nation

The Third Net Lisa Sun-Hee Park,Erin Hoekstra,Anthony M. Jimenez,2024-05-14 Reveals the presence of an informal system of valuable support and care for marginalized migrants The United States health care system not only consists of a formal safety net but also an informal and disjointed network of organizations that offer basic care to millions of migrants This Third Net provides free or low cost health care for the undocumented low income and uninsured migrants who are excluded from the formal system This groundbreaking study sheds light on the existence of the Third Net and its implications for the overall inequalities in the US health care system The Third Net is made up of diverse providers with varying levels of service organizational culture and mission These providers operate in unconventional settings such as mobile clinics on wheels pop up clinics in repurposed spaces and unlicensed makeshift clinics run by health activists Despite their unassuming appearances these clinics are vital resources for marginalized populations that often go unnoticed by the general public revealing the shortcomings of our formal health care system By examining these alternative health care spaces the authors expose the inequities entrenched in the broader health care system and urge a reevaluation of it entirely in order to address these injustices

When the Nazis Came to Skokie Philippa Strum,1999 Strum political science City U of New York Brooklyn describes the events when a neo Nazi group announced it would parade in the Chicago suburb in 1977 and the ensuing court case that tested the devotion of many to the principles of free speech Annotation copyrighted by Book News Inc Portland OR

The Sexual Abuse of Children William T. O'Donohue,James H. Geer,2013-12-16 The sexual abuse of children is now seen as an enormous problem first because there is an increasing awareness that it is more prevalent than previously thought and second because it gives rise to so many complex questions How is sexual abuse to be defined What are the effects of abuse How can the victim be helped How can abuse be prevented These two comprehensive

volumes cover a wide spectrum of basic and applied issues. Expert contributors including physicians, attorneys, psychologists, philosophers, social workers and engineers address such relevant topics as epidemiology, animal models, legal reforms, feminist scholarship, child pornography, medical assessment and diverse models of psychotherapeutic intention. *Bad Girls and Dirty Pictures* Alison Assiter, Avedon Carol, 1993. For well over a decade half baked analysis and phony science have been used by some feminists to side track the women's movement into puritanical campaigns against sexual material and imaginative sexual exploration. Many feminists would say that this widely publicised version of feminism is itself sexist and that the increasingly vocal anti pornography campaigns are founded on theoretical dead ends that have allowed feminists to deviate drastically from the basic goals of women's liberation. *Bad Girls Dirty Pictures* puts these anti sex anti porn arguments under the microscope of a more thorough and considered feminist analysis. It examines the flaws in the research that purports to prove the harm of pornography and warns against the continuing use of censorship by politicians and the moral right as well as exposing the dangers of anti porn feminist arguments. Contributions from a wide range of women including sex workers and academics remind us that pornography does not have a special place in our oppression and that censorship must still be seen as dangerous enemy of women. *Bad Girls Dirty Pictures* is a much needed antidote to falsehoods, shabby thinking and patronising sexism that have fuelled anti pornography campaigns and misled the women's movement.

Pornography and Difference Berkeley Kaite, 1995. This study of pornographic magazine photographs, softcore, hardcore, transsexual, transvestite analyzes the visual code of these images and engages questions about masculinity and masculine sexuality. *Female Masculinity* Jack Halberstam, 2019-01-05. In this quintessential work of queer theory, Jack Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two centuries. Demonstrating how female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. He rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity, considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities and explores issues of transsexuality among transgender dykes, lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge. Halberstam also tackles such topics as women and boxing butches in Hollywood and independent cinema and the phenomenon of male impersonators. Featuring a new preface by the author, this twentieth anniversary edition of *Female Masculinity* remains as insightful, timely and necessary as ever. **Women's Realities, Women's Choices** Hunter College, Women's Studies Collective, 2005. Now in a new edition, this landmark text introduces

readers to the field of women's studies by analyzing the contradictions between social and cultural givens and the realities that women face in society. Written collectively by nine authors from various disciplines, *Women's Realities Women's Choices* Third Edition has been updated to incorporate the latest research and statistics in the field. Covering the most recent developments in politics, labor, family, life, religion, and culture, the book also features extensive research on relevant social issues such as the impact of the post-Soviet world on women's lives, the experience of homosexuality in family life, and the effects of economic globalization on women worldwide. New features of this edition include a discussion of the cultural construction of women's bodies, the expectations of girlhood, new perspectives on women's partnering roles, and the serious health issues women face today. Boxes and pictures now contain more information on the current cultural scene, including material on popular culture and women in music. Examining women as individuals, as family members, and as a force in the greater social fabric, the third edition of *Women's Realities Women's Choices* remains the most timely, comprehensive, and compelling introduction to the field of women's studies.

Rethinking Sexual Harassment Clare Brant, Yun Lee Too, 1994

In the 1970s the term sexual harassment was coined by American women to describe what until then had been an experience without a name. The phenomenon subsequently acquired a discourse that has gone largely unchallenged in the intervening years. But do prevailing definitions of harassment adequately reflect the complexity of the issue? Or is it now time to challenge the conventional assumptions that underlie our approach to and our ways of dealing with the problem of harassment? *Rethinking Sexual Harassment* makes a significant contribution to our understanding of the issue by questioning the language we use to describe harassment and the assumptions we make when we think about it. It investigates the connections that exist between types of behaviour usually described as harassment; it reexamines the complicated relationship between gender and ethnicity, sexuality, age, religious belief, and other aspects of identity; it scrutinises the ways in which harassment is perceived. *Rethinking Sexual Harassment* is an innovative and challenging contribution from feminists in Britain to an important and continuing debate.

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Blasphemy S. Brent Plate, 2006 Through an examination of a broad range of contentious imagery in art, this book questions the status of blasphemy in a world ever more divided in its views of what is acceptable and aims to provide a vantage point from which to view the interrelations between religion, politics and the visual arts.

Femme Fatalities Rikke Schubart, Anne Gjelsvik, 2004 **Bygones Will Not be Bygones** Angelika Czekay, 1998 **Perverse Implantations** Laura Christian, 2006 **Feminist Periodicals**, 1994 **Women Artists News**, 1987
