 undergraduate experience It provides a lasting foundation for students future academic civil cultural economic and social
 lives Additionally as part of most general education curricula general education as well as first year experience programs are
 becoming virtually universal in colleges and universities first year seminars often are integrated into general education
 programs to promote student retention engagement and success The assessment of these institution wide efforts is
 particularly challenging but many campuses have made substantial progress from which we can learn In this book the author
 draws on her experience with over sixty colleges universities and college systems to Establish a broad context for general
 education and first year experience programs and assessment and summarize relevant ideas from professional organizations
 Advise how to develop mission goal and outcome statements Explain how to align curricula and pedagogy with learning
 outcomes develop alignment questions to be used in assessment projects and describe how campuses can use course
 certification to promote alignment Describe approaches for assessment planning criteria for selecting strategies and ethical
 issues to be considered Provide examples of direct and indirect assessment strategies Discuss the infrastructure for general
 education assessment and offer advice for effective collaboration among faculty and staff Written for college and university
 administrators assessment officers faculty and staff who support general education and first year experience programs this
 book is a hands on guide for developing aligning and assessing general education programs in meaningful manageable and
 sustainable ways The author presents a variety of approaches and dozens of examples to help readers understand what other
 campuses are doing and develop a repertoire of their own methods so they can make informed decisions about their
