

Catholic Meditation Music

Catholic Christian Meditation Music

Chiara Bertoglio

Catholic Christian Meditation Music:

Reforming Music Chiara Bertoglio, 2017-03-06 Five hundred years ago a monk nailed his theses to a church gate in Wittenberg. The sound of Luther's mythical hammer, however, was by no means the only aural manifestation of the religious Reformation. This book describes the birth of Lutheran Chorales and Calvinist Psalmody of how music was practised by Catholic nuns, Lutheran schoolchildren, battling Huguenots, missionaries and martyrs, cardinals at Trent and heretics in hiding at a time when Palestrina, Lasso and Tallis were composing their masterpieces and forbidden songs were concealed, smuggled and sung in taverns and princely courts alike. Music expressed faith in the Evangelicals, emerging worships and in the Catholics' ancient rites through it. New beliefs were spread and heresy countered, analysed by humanist theorists, it comforted and consoled miners, housewives and persecuted preachers. It was both the symbol of new, conflicting identities and the only surviving trace of a lost unity of faith. The music of the Reformation thus was music reformed, music reforming and the reform of music. This book shows what the Reformation sounded like and how music became one of the protagonists in the religious conflicts of the sixteenth century.

Come to the Quiet John Michael Talbot, 2002 A highly successful Christian recording artist and renowned thinker in the Catholic Church examines the rich tradition of meditation and contemplation deeply embedded within the center of Christianity, providing strong exercises for unleashing the spiritual, psychological and physical health benefits of meditation. Original.

Christian Spirituality Gordon Mursell, 2020-02-21 There is a growing interest today in the context and history of Christian spirituality. In this book, a team of expert authors from the East and West present a full and fascinating picture of humanity's desire for the divine across the centuries. Highlighting the contribution of significant figures through history, authors explore the ways in which Christians from the earliest times onwards have sought to express and live out the deepest truth of their faith. The Bible and the life of Jesus Christ are the starting point for the story. The reader is then guided through the development of spirituality, starting an exploration of the significance of the early church fathers and culminating in a survey of the explosion of expressions of Christian divinity across the world in the twentieth century. Interspersed with boxed features that provide more detail on key individuals and groups and timelines that put events into their chronological contexts, *Christian Spirituality* is an ideal overview for scholars and interested readers alike.
