Cathy Encounters With The Holy Spirit Buddy Volume 2:

The Holy Spirit and Worship Elizabeth A. Welch, 2020-12-15 The Holy Spirit has become a greater focus for attention in Trinitarian theology and in the life of the western church since the rise of Pentecostalism at the beginning of the twentieth century Different understandings of the Holy Spirit have impacted worship in a variety of ways This book looks at surprising overlaps in the thinking about relationship between the Holy Spirit and worship between two radically different traditions of the church represented by John Owen from the seventeenth century in England and John Zizioulas from the twentieth century in Greece Four threads of argument are identified flowing from the unexpected overlap between these two thinkers that are of value for the church today The first is the personal and relational nature of the Triune God drawing the human person into a deeper sense of relational identity The second is the immediacy of the encounter with God through the Holy Spirit in worship The third is the way in which the Holy Spirit leads people into truth The fourth is the transformative nature of the encounter with God in worship which draws people into sharing God's purpose for the transformation of the world

Getting Real Gary Tyra, 2018-02-08 Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that's more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that's exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and/or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post-Christian peers for Christ
