Methods in Aquatic Microbiology Tony Gutierrez, Frederic Coulon, Terry John McGenity, 2023-12-11 **A History of the Literature of the U.S. South: Volume 1** Harilaos Stecopoulos, 2021-05-05 A History of the Literature of the U.S. South provides scholars with a dynamic and heterogeneous examination of southern writing from John Smith to Natasha Trethewey. Eschewing a master narrative limited to predictable authors and titles the anthology adopts a variegated approach that emphasizes the cultural and political tensions crucial to the making of this regional literature. Certain chapters focus on major white writers e.g. Thomas Jefferson, William Faulkner, the Agrarians, Cormac McCarthy, but a substantial portion of the work foregrounds the achievements of African American writers like Frederick Douglass, Zora Neale Hurston, and Sarah Wright to address the multiracial and transnational dimensions of this literary formation. Theoretically informed and historically aware the volume's contributors collectively demonstrate how southern literature constitutes an aesthetic cultural and political field that richly repays examination from a variety of critical perspectives **Phil Edmonston's Lemon Aid Guide 2004** New and Used SUVs Phil Edmonston, 2003-12

**The Domestic Interior and the Self in Contemporary Photography** Jane Simon, 2023-09-18 By carefully conceptualising the domestic in relation to the self and the photographic this book offers a unique contribution to both photography theory and criticism and life narrative studies. Jane Simon brings together two critical practices into a new conversation arguing that artists who harness domestic photography can advance a more expansive understanding of the autobiographical. Exploring the idea that self representation need not equate to self portraiture or involve the human form artists from around the globe are examined including Rinko Kawauchi, Catherine Opie, Dayanita Singh, Moyra Davey and Elina Brotherus who maintain a personal gaze at domestic detail. By treating the representation of interiors, domestic objects and the very practice of photographic seeing and framing as autobiographical gestures this book reframes the relationship between interiors and exteriors, public and private and insists on the importance of domestic interiors to understandings of the self and photography.
