Peters,2010-06-14 Over the past decade companies have redirected their maintenance operational focus from internal cost cutting to profit maximization This approach is referred to as profit centered maintenance Peters provides maintenance supervisors and managers with a benchmarking best practices road map called the Maintenance

Operations Scoreboard The Scoreboard will allow maintenance managers to determine and quantify benefits and savings, improve craft productivity and define a strategy to improve efficiency and productivity. These things are at the heart of a successful Profit Centered Maintenance organization. The author devised Maintenance Operations Scoreboard is used to perform over 200 maintenance evaluations in over 5 000 profit centered maintenance organizations. For example at Honda of America it was used extensively to direct maintenance strategy. It was later translated into Japanese for presentation to key Japanese executives. Another excellent example is Boeing Commercial Aircraft Inc. Boeing combined elements from this same Scoreboard with their company wide maintenance goals to develop The Boeing Scoreboard for Maintenance Excellence. Over 60 facility maintenance work units at region group and team levels are evaluated at on site visits using the Scoreboard criteria.
