Causes Of Delinquency:

Causes of Delinquency Travis Hirschi, 1969 This book tests three theories of delinquency causation the strain control and cultural deviancy theories using a large body of data on delinquency collected in California It outlines the assumptions of each theory and discusses the logical and empirical difficulties attributed to them It then draws and outline of a social control theory which informs the subsequent analysis **Fifty Years of Causes of Delinquency, Volume 25** James C.

Oleson, Barbara J. Costello, 2019-11-19 This volume marks the 50th anniversary of the publication of Travis Hirschi's seminal work *Causes of Delinquency* The influence of Hirschi's book and the theory of social control it described can scarcely be overstated Social control theory has been empirically tested or commented on by hundreds of scholars and is generally regarded as one of the three dominant theories of crime The current work highlights the impact that social control theory has had on criminological theory and research to date Agnew's contribution highlights the role that Hirschi's tests of control versus strain theory had in contributing to the near demise of classic strain theories and to the subsequent development of general strain theory Serrano Maillo relates control to drift and Tedor and Hope compare the human nature assumptions of control theory to the current psychological literature Other contributions return to Hirschi's original Richmond Youth Survey RYS data and demonstrate the robustness of Hirschi's major findings Costello and Anderson find strong support for Hirschi's predictions in an analysis of a diverse group of youths in Fayetteville Arkansas in 1999 Nofziger similarly finds support for Hirschi's predictions with an analysis of the girls in the RYS and explores the criticisms of social control theory that were the result of Hirschi's failure to analyze the data from the girls in the sample Kempf Leonard revisits her seminal 1993 survey of control theory and reviews the current empirical status of control theory Other contributions explore new directions for both social control theory and self control theory The contribution by Cullen Lee and Butler holds that one element of the social bond commitment was under theorized by Hirschi and the authors present a more in depth development of the concept Quist explores the possibility of expanding social control theory to explicitly incorporate exchange theory concepts Ueda and Tsutomi apply control theory cross culturally to a sample of Japanese students and Felson uses control theory to organize criminological ideas Vazsonyi and Javakhishvili's contribution is an empirical analysis of the connections between social control in early childhood and self control later in life Chapple and McQuillan's contribution suggests that the gender gap in delinquency is better explained by increased controls in girls than by gendered pathways to offending Oleson traces the evolution of Hirschi's control theory and suggests that given the relationships between fact and theory a biosocial model of control might be a promising line of inquiry *Fifty Years of Causes of Delinquency* The Criminology of Travis Hirschi describes the current state of control theory and suggests its future directions as well as demonstrates its enduring importance for criminological theory and research The volume will be of interest to scholars working in the control theory tradition as well as those critical of the perspective and is suitable for use in graduate courses in criminological theory **Causes of**

Delinquency Travis Hirschi, 2017-08-02 In *Causes of Delinquency* Hirschi attempts to state and test a theory of delinquency seeing in the delinquent a person relatively free of the intimate attachments the aspirations and the moral beliefs that bind most people to a life within the law In prominent alternative theories the delinquent appears either as a frustrated striver forced into delinquency by his acceptance of the goals common to us all or as an innocent foreigner attempting to obey the rules of a society that is not in position to make the law or define conduct as good or evil Hirschi analyzes a large body of data on delinquency collected in Western Contra Costa County California contrasting throughout the assumptions of the strain control and cultural deviance theories He outlines the assumptions of these theories and discusses the logical and empirical difficulties attributed to each of them Then draws from sources an outline of social control theory the theory that informs the subsequent analysis and which is advocated here Often listed as a Citation Classic *Causes of Delinquency* retains its force and cogency with age It is an important volume and a necessary addition to the libraries of sociologists criminologists scholars and students in the area of delinquency

Delinquency Ozan Sahin, Joseph Maier, 2009 Delinquency is an antisocial misdeed in violation of the law by a minor This book examines the correlation between family environment and juvenile delinquency and criminality Also discussed are the social factors that influence delinquent behaviour The unresolved and contentious issue of different explanatory types or

etiological patterns among delinquents and the conflict this creates for advocates of general theory in delinquency are also addressed. Additional chapters look at adolescent religiosity as a factor for delinquency, psychopathic tendencies and causes of delinquency from a biosocial criminological perspective. **Juvenile Delinquency** Harjit S.
