Cch State Tax Guide:

State Tax Handbook (2018) CCH Tax Law, 2017-12-19 Wolters Kluwer's State Tax Handbook is the perfect quick answer tool for tax practitioners and business professionals who work with multiple state tax jurisdictions. This handy reference provides readers with an overview of the taxation scheme of each state and the District of Columbia as well as multistate charts on personal and corporate income taxes, sales and use taxes, practice and procedure, and property taxes. The State Tax Handbook is set out in four parts which together paint an overall picture of the states' levies, bases, and rates of each tax, principal payment and return dates, and other important information. The Taxes by State section summarizes in one place the taxes imposed by each state, including key information such as tax rates and filing payment dates. It provides details on the taxing authorities for each jurisdiction and outlines the major features of each state's revenue system in uniform arrangement, which makes reference from state to state easy. Four additional sections: Income Taxes, Sales and Use Taxes, Property Taxes, and Practice Procedure, provide at a glance multistate charts detailing important issues to assist state tax compliance and planning. Busy tax professionals can quickly find the answers to their state tax questions by referencing the book's 170 charts that cover key state tax topics such as income tax rates, corporate and personal income tax reporting requirements, filing extensions, allocation and apportionment, AMT on preference items, manufacturing exemptions, sales for resale, consolidated returns, estimated tax requirements, personal property tax, rendition, filing requirements, and much more. **Leading State Tax Information and Tools for Professionals** Wolters Kluwer offers a suite of state tax products providing in-depth analysis, guidance, and solutions in a full range of options from guides, practice manuals, and treatises to journals, newsletters, and internet research libraries.
