Ccp Viva:

Maoism with Italian Characteristics Marco Gabbas, Lorenzo M. Capisani, 2025-07-24 This book is primarily a historical study that investigates why Mao's thought took root in Italy how it developed and its emergence in opposition to the Italian Communist Party with a focus on the years 1956-1976 The book also prompts reflection on how dissent has been perceived in Leftist parties more broadly and how sub cultures can become prominent The authors delve into the relations between Mao's China and the Italian institutional Left mindful of the fact that not all the involved parties represented monolithic clusters of consent The book confronts a watershed of reforms or revolution in which the Italian Communist Party embraced a non revolutionary and parliamentary policy and where Italian radicals took Mao's slogans literally to argue that a revolution in Italy was not only possible but necessary Tracking the subsequent abandonment of Maoism in modern left wing parties in Italy which gradually became more distant from the working class the authors juxtapose this to modern China which opened up with Deng Xiaoping's reforms and Xi Jinping's search for rejuvenation In presenting Italian Maoism a largely forgotten topic and fascinating example of Western Maoism to an English reading audience the authors contextualize these local historical events in a global modern perspective linking them to the Cold War and horizontal issues such as dissent in a rich comparison of Italian and Chinese sources from party archives and collections It is relevant to historians interested in the circulation of Chinese political ideas in the West and China's historical trajectory from the Cold War to the present

Principles of Evidence in International Criminal Justice Karim A. A. Khan, Caroline Buisman, Christopher Gosnell, 2010 Principles of Evidence in International Criminal Justice provides an overview of the procedure and practice concerning the admission and evaluation of evidence before the international criminal tribunals The book is both descriptive and critical and its emphasis is on day to day practice drawing on the experience of the Yugoslavia Rwanda and Sierra Leone Tribunals This book is an attempt to define and explain the core principles and rules that have developed at those ad hoc Tribunals the rationale and origin of those rules and to assess the suitability of those rules in the particular context of the International Criminal Court which is still at its early stages The ICC differs in structure from the ad hoc Tribunals and approaches the legal issues it has to resolve differently from its predecessors The ICC is however confronted with many of the same questions The book examines the differences between the ad hoc Tribunals and the ICC and seeks to offer insights as to how and in which circumstances the principles established over years of practice at the ICTY ICTR and SCSL may serve as guidance to the ICC practitioners of today and the future The contributors represent a cross section of the practising international criminal bar drawn from the ranks of the Bench the Prosecution and the Defence and bringing with them different legal domestic cultures Their mixed background underlines the recurring theme in this book which is the manner in which a legal culture has gradually taken shape in the international Tribunals drawing on the various traditions and experiences of its participants
