Curriculum and Instruction Learning Support, Cherokee County School District, Canton, GA. This is one of the most relatable and relevant teaching books I have read. It is packed with practical ideas, solid background information, and several resources. It is perfect for any teacher struggling to help students with a variety of needs achieve the goals set by the CCSS. Kristin Striebel, Teacher, Francis Howell School District, St. Charles, MO. **Prioritizing the Common Core** Larry Ainsworth, 2013 The consensus among educators nationwide is that in-depth instruction paired with focused assessment of essential concepts and skills is far more effective than superficially covering every concept and skill in the standards. Educators are faced with the task of teaching all standards while meeting the extraordinary range of student learning needs. *Prioritizing the Common Core* offers common-sense solutions to the dilemmas teachers face today in implementing the new, more rigorous national standards. Chapters present a rationale for prioritizing the Common Core, a step-by-step process for prioritizing standards in language arts and mathematics, strategies for soliciting feedback and input from everyone in the district or school prior to the final determination of the Priority Standards, and detailed summaries of the process. Schools in six different districts used to
