**Celestial Chaos (The Commons Book 2)** Jessica Marting, 2023-08-15 Lieutenant Honora Kharn lives and breathes the Kurran Empire's Special Ops unit. A highly skilled fighter pilot and warrior, she is selected to go back in time and thwart a plot by the Nym, the number one enemy of civilized space. When she returns home with a man critically injured by Nym agents, she finds herself dishonorably discharged from Special Ops and responsible for a man centuries from where he should be. Andrew Claybourne realized too late that the scientists he trusted to handle his final affairs were anything but. When he finds himself hundreds of years into the future with only the irritable and antisocial Lieutenant Kharn for company, it's difficult to find an upside to the otherwise interesting new time he's landed in. Unable to get along but strangely drawn to each other, they try to forge new lives for themselves as they travel through space together. But when the opportunity to go home surfaces, neither of them are sure if that's where they truly belong.

Cecily has her own reasons for wanting to see the doctor, too. But they fall by the wayside when she and Jason are attacked and chased through space. Their unidentified pursuer knows who Cecily is. He knows what Jason is. All Merritt has to do is summon the dead man's spirit and find out who did it. Unfortunately, the spirit is nowhere to be found. While Ivy Thaddeus didn't enter her marriage for love, she certainly had nothing to do with her husband's death. Her stepson hiring a detective to prove she killed him for his estate is a waste of time and money, not to
