Handbook of Research on Play Specialism Strategies to Prevent Pediatric Hospitalization Trauma Perasso, Giulia, Ozturk, Yagmur, 2022-10-14
Hospitalization can cause short term to long term issues to children's biopsychosocial health Play strategies have played a key role in preventing hospitalization trauma Properly trained play specialists provide children with structured play activities that have proven to be effective in diminishing anxiety depression and negative emotions among in patient children and their parents These techniques are beneficial to ameliorating children's and parents coping strategies and treatment compliance However discrepancies among countries healthcare systems in recognizing the value of play highlights the need for major awareness in the field The Handbook of Research on Play Specialism Strategies to Prevent Pediatric Hospitalization Trauma spreads knowledge about the potential of playing to protect and increase children's health during hospitalization The book focuses on play strategies counteracting pediatric patients trauma anxiety depression and other biopsychosocial negative consequences

It discusses the rights of hospitalized children and the strengths of the play specialism approach Covering topics such as chronically ill children pediatric oncology and culturally sustaining practices this premier reference source is an excellent resource for child psychologists psychotherapists neuroscientists pedagogists psychiatrists nurses physicians health sociologists pediatricians play specialists students and faculty of higher education librarians researchers and academicians

Evidence-Based Programming for Older Adults Marcia G. Ory, Matthew Lee Smith, 2015-06-17 There is increased world wide concern about the impact of multiple chronic conditions especially among the rapidly aging population Simultaneously over the past decade there has been an emergence of state wide and national initiatives to reduce the burden of chronic conditions that draw upon the translation of evidence based programs EPB into community practice Yet little has been written about the national and international implementation dissemination and sustainability of such programs This Research Topic features articles about EBPs for older adults including a range of articles that focus on the infrastructure needed to widely disseminate EBP as well as individual participant impacts on physical mental and social aspects of health and well being Using a pragmatic research perspective this Research Topic will advance knowledge that aims to enhance practice inform policy and build systems of support and delivery in regard to the reach effectiveness adoption implementation and maintenance of evidence based interventions for older adults The focus is on knowledge transfer rather than knowledge generation but with a dual emphasis on the dissemination and sustainability of EBP that have been tested and shown effective as well as the adaptation of practice based interventions into evidence based programs This Research Topic draws upon grand scale efforts to deliver these programs and include both U S as well as international examples Commentaries discuss processes in the development and measurement of EBP and reflect perspectives from program developers and major national and regional funders of EBP as well as professionals and practitioners in the field The full length articles focus on four major programmatic areas 1 chronic disease self management programs 2 fall prevention programs 3 general wellness and physical activity programs and 4 mental health programs Additionally articles are included to discuss cross cutting issues related to building partnerships and the research infrastructure for the implementation evaluation and dissemination of evidence based programming The intent of this Research Topic is to enhance practice inform policy and build systems of support and delivery for EBP It is written for a diverse audience and contains practical implications and recommendations for introducing delivering and sustaining EBP in a multitude of settings

Frameworks for Multi-Tiered Systems of Support for Trauma-Informed Educational Settings Aniano, Jennifer Lauren, 2025-05-02 The use of multi tiered systems of support MTSS in schools has implications for social and cultural development It provides the opportunity for empowerment and inclusion of students who are often overlooked or struggling to adapt such as multilingual neurodiverse and sexually exploited students Increased competency in understanding and utilizing MTSS may provide teachers with opportunities for professional development Effective teacher training is often necessary for creating affirming

safe and equitable educational environments Further research into the MTSS framework may challenge educators to include social and restorative justice practices in the classroom Frameworks for Multi Tiered Systems of Support for Trauma Informed Educational Settings highlights the importance of anti racism cultural competence and social emotional learning in education settings It explores the role of social justice and restorative justice in building trauma informed educational settings Covering topics such as anti racist education family therapy and math anxiety this book is an excellent resource for school administrators policymakers educators researchers academicians and more **Islamic Finance and Sustainability**
