their business environment the most Doing Business illustrates how reforms in business regulations are being used to analyze economic outcomes for domestic entrepreneurs and for the wider economy It is a flagship product produced in partnership by the World Bank and IFC that garners worldwide attention on regulatory barriers to entrepreneurship More than 60 economies have used the Doing Business indicators to shape reform agendas and monitor improvements on the ground In addition the Doing Business data has generated over 2 000 articles in peer reviewed academic journals since its inception **Verti-flite** ,2006 **Who Owns Whom** ,2008 **Laboring in the Shadow of Empire** Celeste Vaughan Curington,2024-09-13 Laboring in the Shadow of Empire Race Gender and Care Work in Portugal examines the everyday lives of an African descendant care service workforce that labors in an ostensibly anti racial Europe and against the backdrop of the Portuguese colonial empire While much of the literature on global care work has focused on Asian and Latine migrant care workers there is comparatively less research that explicitly examines African care workers and their migration histories to Europe Sociologist Celeste Vaughan Curington focuses on Portugal a European setting with comparatively liberal policies around family settlement and naturalization for migrants In this setting rapid urbanization in the late twentieth century along with a national push to reconcile work and family has shaped the growth of paid home care and cleaning service industries Many researchers focus on informal work settings where immigrant rights are restricted and many workers are undocumented or without permanent residence status Curington instead examines workers who have accessed citizenship or permanent residence status and also explores African women s experiences laboring in care and service industries in the formal market revealing how deeply colonial and intersectional logics of a racialized and international division of reproductive labor in Portugal render these women hyper invisible and hyper visible as appropriate workers in Lisbon
