valuable reference **Vincent Motorcycles** Philippe Guyony, 2021-10-28 Very few motorcycles have carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day. On the road in club racing in drag races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory The World's Fastest Standard Motorcycle. It was a FACT NOT a slogan. Images such as that of Rollie Free in swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now passed into posterity. In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes. No other motorcycle in the world can claim this kind of achievement. Following the premature ending of Vincent production Fritz Egli's 1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years. Egli's machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent. Understand how the flame of passion still burns brightly today.

Bernie Ecclestone - King of Sport Terry Lovell, 2009-09-07 For nearly forty years he has ruthlessly exploited and dominated Formula One motor racing and now he is setting his sights further afield. This is the true story of Bernie Ecclestone the street smart working class kid who masterminded the transformation of Formula One from an amateur sport of the fifties into a global billion dollar industry of the 21st century. Now with his GBP2.5bn fortune influence and power Bernie has moved into the world of football with Renault F1 boss Flavio Briatore to turn Queen's Park Rangers a struggling west London club into a serious rival to the capital's glamour club Chelsea. To many he was the saviour of Formula One but there are also those who came into conflict with his methods. They have a different story to tell. Bernie Ecclestone King of Sport reveals the unbridled avarice, callousness and corruption behind the hype of Formula One and the warts and all character of the man who is now making his mark on the beautiful game. This is the true astonishing story of the single most powerful man in the world of sport today.

The Café Racer Phenomenon Alastair Walker, 2009 The Café Racer is one of the most enduring styles of motorcycle ever created capturing the rebellious spirit of the 50s. From original Triton building Rockers to modern day Sunday riders on Thruxton 900s there are thousands of enthusiasts across the world who aspire to own an old school road burner. A look back at the glory days of the Café Racer from Friday night dices on the North Circular through the street specials craze of the Seventies to the

British Motorcycles of the 1960s and '70s Mick Walker, 2013-01-20 For the first half of the 20th century Great Britain led the world in motorcycle design and production exporting its products to countries in every section of the globe. However as the second half of the century began in 1960 this once great industry commenced what was to be a terminal decline. During the 1960s and 70s Britain still manufactured a wide range of machines but a combination of poor management, lack of investment, foreign competition notably from Japan and the arrival of the small affordable car transpired to effectively sound the death knell of the British motorcycle by the end of the 1970s.
