The book is addressed to the general reader, dancer and connoisseur interested in the arts and traditions of India where regional forms of dance, rituals, dance drama, folk dance and classical dance forms have existed for centuries as an essential part of sacred rites and festivals and as a classical art patronised and practised by the royalty. *The Metaphysics of the Upanishads*, Vicharsagar, 1885

**Reflections of Dance along the Brahmaputra** Ralph Buck, Barbara Snook, Debarshi Prasad Nath, 2023-07-18 This volume brings a critical lens to dance and culture within North East India. Through case studies, first-hand accounts and interviews, it explores unique folk dances of Indigenous communities of North East India that reflect diverse journeys, lifestyles and connections within their ethnic groups, marking almost every ritual and festival. Dance for people of North East India, as elsewhere, is also a way of declaring, establishing, celebrating and asserting human relationship with nature. The book draws attention to the origins and special circumstances of dances from North East India. It discusses a range of important folk dance forms alongside classical dance forms in North East India with a focus on Sattriya dance. The chapters examine how these dance forms play an important role in the region's socio-cultural, economic and political life, intertwining religion and the arts through music, dance and drama. Further, they also explore how folk dance cultures in North East India have never been relegated to the background, never considered secondary aesthetically or otherwise, but have become expressions of political and cultural identity. An evocative work, this volume will be of interest to students and researchers of pedagogy, choreography, community dance practice, theatre and performance studies, social and cultural studies, aesthetics, interdisciplinary arts and more. It will be an invaluable resource for artists and practitioners working in dance schools and communities.

**To Dance with Dakinis** Dena Merriam, 2023-08-10 As with all of Dena Merriam's books, *To Dance with Dakinis* is a study of the universal law of cause and effect, how events in our life, our deeds, thoughts and reactions impel the process of rebirth. The story begins in 12th century Tibet with a woman's search for the Goddess and the deeper truths of life. A crisis that she encounters leads her to a great Master who helps awaken memories of her previous life in medieval France and a much earlier life in China during which events were set in motion that led her to the crisis she now faced. The book follows her through death, the time between earthly rebirths and then her rebirth in India where she brings to conclusion unfinished matters from her life in Tibet. In the process of her journey, great teachings are conveyed, teachings that we can all
