**Social Media Marketing and Organisational Efficiency of Deposit Money Banks in Nigeria** Newman

Enyioko,2020-04-14 Doctoral Thesis Dissertation from the year 2020 in the subject Business economics Offline Marketing and Online Marketing grade Rivers State course Marketing language English abstract The study examined the effect of social media marketing on organizational efficiency of deposit money banks in Nigeria Blog Facebook Twitter and LinkedIn were used as the dimensions of social media platforms in this study The study used conversion rate web traffic and customer engagement to measure organisational efficiency of banks Also trust was used as a moderating variable in this study The study adopted descriptive and inferential statistical tools to analyze the data and test the hypotheses The study used a questionnaire to elicit information from the respondents The population of the study consisted of all the 22 deposit money banks approved by CBN The study sampled 154 respondents from 22 deposit money banks in Nigeria and validly used 133 respondents representing 86.36% response rate for data analysis The study found that banks use blog Facebook Twitter and LinkedIn to conduct their marketing activities in the manner of brand promotion and persuasion of customers to patronize them and these activities enhance organisational efficiency of banks The study revealed that blog has positive but insignificant effect on conversion rate and web traffic but positive and significant effect on customer engagement The study discovered that Facebook has positive and significant effect on conversion rate web traffic and customer engagement The study revealed that Twitter has positive and significant effect on conversion rate web traffic and customer engagement The study found that LinkedIn has positive and insignificant effect on conversion rate and customer engagement but negative and insignificant effect on web traffic The study also found that trust moderates and has strong positive and significant effect on social media marketing and organisational efficiency of banks The study concludes that as banks use blogs Facebook Twitter and LinkedIn to create awareness about their products and services on the internet their conversion rates web traffic and customer engagement are significantly and positively boosted The study therefore recommends that bank managers should use blog Facebook Twitter and LinkedIn to their advantage by encouraging bank staff and not just the marketing department to participate in social media marketing which in turn covers more ground for the enhancement of conversion rate web traffic and customer engagement leading to organisational efficiency of banks

**The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us** Joe Federer,2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud's Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and

Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you're home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value
