Collecting Printed Ephemera John Lewis,1976 **Printed Ephemera** ,1980 **An Index to the Printed Ephemera Collection** Dumfries and Galloway Regional Library Service,1988 **A Collection of Printed Ephemera** Berkshire College of Art and Design,1966 *A Collection of Printed Ephemera* Rocket Press,1986 **Printed Ephemera** Alan Clinton,1981 **Non-standard Collection Management** M. Pearce,2018-11-09 First published in 1992 this volume recognises that it is not unusual when practising librarianship to come across small to medium collections within the library which because they are different from the main collection are outside the librarian's experience or are a new type of material not properly managed or exploited Therefore this volume contains chapters on a range of materials which are united by a certain rarity in the experience of most librarians It is aimed at those who need to know how to progress from scratch with a collection but not necessarily to take it into complete specialization There is information about characteristics of each type of material as well as guidance for their management Lists of further reading are provided and a note of some important collections **The Ephemeral Eighteenth-Century** Gillian Russell,2020-08-27 This history of printed ephemera's rise as an eighteenth century cultural category transforms understanding of disposable printed items **Central American Printed Ephemera Collection, 1785-(1821-871)-1980** Michael Forrest Fry,Howard-Tilton Memorial Library,1981 **A Collection of Printed Ephemera** Inky Parrot Press,1985 **Ephemeral Print Culture in Early Modern England** Tim Somers,2021 Uses the collections of ephemera popular in the late seventeenth century as a way to understand the reading habits publishing strategies and thought processes of late Stuart print culture Cheap genres of print such as ballads almanacs and playing cards were part of everyday life in seventeenth century society ubiquitous and disposable Toward the end of the century however individuals began to preserve arrange and display articles of cheap print within carefully curated collections What motivated this sudden urge to preserve the ephemeral This book answers that question by analysing the social political and intellectual factors behind the formation of cheap print collections how these collections were used by their owners and what this activity can tell us about print culture in the early modern period The book's central collector is John Bagford 1650-1715 a shoemaker who became a dealer of prints and other curiosities to important collectors of the time such as Samuel Pepys Hans Sloane and Robert Harley Bagford's own rich and largely unstudied collection is a fascinating study in its own right and his position at the centre of commercial and intellectual networks opens up a whole world of collecting This world encompasses later Stuart partisan political culture when modern parties and the public sphere first emerged the New Science and virtuoso culture with its milieu of natural philosophers antiquaries and artisans the aural and visual landscape of marketplaces streets and alehouses and developing practices of record keeping life writing and historical writing during the long eighteenth century *Collection of Printed Ephemera from the Library of Anne Spencer* ,1938 **Fashion Remains** Marco Pecorari,2021-01-28 Fashion ephemera from catalogues and invitations to press releases have long been overlooked by the fashion industry and fashion academics Fashion Remains redresses the balance putting these

objects centre stage and focusing on the wider creative practice of contemporary fashion designers photographers graphic designers make up artists and many more Fashion ephemera are considered not as disposable promotional devices but as windows into hidden networks of collaboration and value creation in the fashion system Taking an interdisciplinary approach Fashion Remains explores the unseen and privately circulated fashion ephemera produced by today s most prominent international fashion designers such as Margiela Yamamoto and Raf Simons Showcasing a unique archive of materials it focuses on Antwerp s avant garde fashion scene and reveals the potential of these ephemeral objects to evoke and call into question material and immaterial knowledge about the fashion industry s actors practices and ideologies
