Academics Into the Light of Jesus Christ- Glenn W. Martin,2009-05 This book is about the nuances of college life as viewed from a Christian perspective Dr Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way Our educational bastions are an arms length from the church yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church It is durable and manageable for one to participate in both the educational process and the church however these individuals are becoming a rare breed and that is why Dr Martin challenges the educator to return to his her spiritual roots Dr Martin asserts spiritual values are a reality and to be negligent here is without excuse *The Roman Poets of the Augustan Age: Virgil* William Young Sellar,1908
