**Darkness Shining Wild** Robert Augustus Masters,2005      **Bringing Your Shadow Out of the Dark** Robert Augustus Masters, PhD,2018-10-01 Our shadow teaches Robert Augustus Masters is our internal storehouse for the parts of us that we've disowned or rejected or are otherwise keeping in the dark Everyone has a shadow but all too many of us are unaware of it It holds the feelings and beliefs that we are most ashamed of or cannot accept about ourselves For some it may contain unacknowledged anger or grief For others pain or fear Our shadow contains our unfaced conditioning And the more unaware we are of our shadow the more it influences and controls us Based upon Masters's four decades as a psychospiritual therapist and guide Bringing Your Shadow Out of the Dark invites readers to understand and skillfully work with this rich yet neglected dimension of ourselves With depth and clarity he illuminates the process of meeting our shadow in beneficial ways and how we can embody a more complete and life giving experience of who we are In this book you'll discover The nature of our shadow and how to optimally work with it exploring our conditioning and core shadow elements including in the domains of shame fear aggression resistance addiction death and spirituality How to work with the child within self sabotage narcissism sexuality dreams and other matters deeply influenced by our shadow Why turning toward our pain is an essential part of shadow work making wise use of our pain Collective shadow domains we share with family social groups political party or nation bringing them and their associated traumas into the light When we uncover and work in depth with our shadow we free ourselves from its control and gain the opportunity to put its contents to work for us instead of allowing them to work against us Bringing Your Shadow Out of the Dark shows us how to navigate the full terrain of our emotions drives needs and depths of who we are Foreword by Lissa Rankin MD New York Times bestselling author of Mind Over Medicine The Fear Cure and The Anatomy of a Calling      [Tryptamine Palace](#) James Oroc,2009-05-21 A journey from Burning Man to the Akashic Field that suggest how 5 MeO DMT triggers the human capacity for higher knowledge through direct contact with the zero point field Examines *Bufo alvarius* toad venom which contains the potent natural psychedelic 5 MeO DMT and explores its entheogenic use Proposes a new connection between the findings of modern physics and the knowledge held by shamans and religious sages for millennia The venom from *Bufo alvarius* an unusual toad found in the Sonoran desert contains 5 MeO DMT a potent natural chemical similar in effect to the more common entheogen DMT The venom can be dried into a powder which some researchers speculate was used ceremonially by Amerindian shamans When smoked it prompts an instantaneous break with the physical world that causes out of body experiences completely removed from the conventional dimensions of reality In Tryptamine Palace James Oroc shares his personal experiences with 5 MeODMT which led to a complete transformation of his understanding of himself and of the very fabric of reality Driven to comprehend the transformational properties of this substance Oroc combined extensive studies of physics and philosophy with the epiphanies he gained from his time at Burning Man He discovered that ingesting tryptamines unlocked a fundamental human capacity

for higher knowledge through direct contact with the zero point field of modern physics known to the ancients as the Akashic Field In the quantum world of nonlocal interactions the line between the physical and the mental dissolves 5 MeO DMT Oroc argues can act as a means to awaken the remarkable capacities of the human soul as well as restore experiential mystical spirituality to Western civilization Mystery School in Hyperspace Graham St John, 2015-11-24 Since the mid 1950s the psychoactive compound DMT has attracted the attention of experimentalists and prohibitionists scientists and artists alchemists and hyperspace emissaries While most known as a crucial component of the jungle alchemy that is ayahuasca DMT is a unique story unto itself Until now this story has remained untold Mystery School in Hyperspace is the first book to delve into the history of this substance the discovery of its properties and the impact it has had on poets artists and musicians DMT has appeared at crucial junctures in countercultural history William Burroughs was jacking the spice in Tangier at the turn of the 1960s It was present at the meeting between Ken Kesey's Merry Pranksters and Tim Leary's associates It guided the inception of the Grateful Dead in 1965 It showed up in Berkeley in the same year falling into the hands of Terence McKenna who would eventually become its champion in the post rave neo psychedelic movement of the 1990s Its indole vapor drifted through Portugal's Boom Festival and has been evident at Nevada's Burning Man where DMT has been adopted as spiritual technology supplying shape color and depth to a visionary art movement The growing prevalence of use is evident in a vast networked independent research culture and in its impact on fiction film music and metaphysics As this book traces the effect of DMT's release into the cultural bloodstream the results should be of great interest to contemporary readers The book permits a broad reading audience to join ongoing debates in studies in consciousness and theology where the brain is held to be either a generator or a receiver of consciousness The implications of the spirit molecule or the brain's own psychedelic among other theories illustrate that DMT may lift the lid on the Pandora's Box of consciousness Features a foreword by Dennis McKenna cover art by Beau Deeley and thirty color illustrations by various artists including Alex Grey Android Jones Martina Hoffmann Luke Brown Carey Thompson Adam Scott Miller Randal Roberts along with Jay Bryan Cyb Orryelle Defenestrate Bascule Art Van D'lay Stuart Griggs Jay Lincoln Gwyllm Llwydd Shiptu Shaboo Marianna Stelmach and Mister Strange Regarded as the nightmare hallucinogen or celebrated as the spirit molecule labelled psychotogenic or entheogenic considered a dangerous drug or the suspected X factor in the evolution of consciousness DMT is a powerful enigma Documenting the scientists and artists drawn into its sphere of influence navigating the liminal aesthetics of the breakthrough experience tracing the novum of hyperspace in esoteric and science fiction currents Mystery School in Hyperspace excavates the significance of this enigmatic phenomenon in the modern world Exposing a great many myths this cultural history reveals how DMT has had a beneficial influence on the lives of those belonging to a vast underground network whose reports and initiatives expose drug war propaganda and shine a light in the shadows This conversation is highly relevant at a time when significant advances are being made to lift the moratorium on
