**Rhetoric of the Protestant Sermon in America** Jonathan J. Edwards, Eric C. Miller, 2020-01-20 In *Rhetoric of the Protestant Sermon in America* Pulpit Discourse at the Turn of the Millennium, ten scholars analyze notable sermons from the fifty-year span between 1965 and 2015, during which the Protestant sermon has undergone significant change in the United States. Contributors examine how this turbulent time period witnessed a variety of important shifts in the arguments, evidences, and rhetorical strategies employed by contemporary preachers. Because religious practice is inextricably tangled in the culture, politics, and economy of its historical situation, the public expression of a faith is certain to move with the times. In their treatment of race, sex, gender, class, and citizenship, sermons apply ancient texts to current events and controversies often to revealing effect. This collection, thoughtfully edited by Eric C. Miller and Jonathan J. Edwards, demonstrates how the genre of the Protestant sermon has evolved or resisted evolution across the years. Scholars of religion, rhetoric, communication, sociology, and cultural studies will find this book particularly useful.

**How to Build Lasting and Effective Relationships** Digital World, 2024-03-03 Dale Carnegie's book *How to Win Friends and Influence People* is one of the most popular self-help books in the world. First published in 1936, it has sold millions of copies worldwide and is considered one of the most influential works of the 20th

century. However, although many people have been inspired and influenced by Carnegie's book, the thesis of this e-book is that the method he proposes can have negative consequences on your interpersonal relationships. In this book, we will examine each of the principles presented by Carnegie and critically analyze how they can be applied in real life. We will argue that although some of the ideas presented in the book may have some value, many of them are simplistic and ignore the complexity of human relationships. Rather than blindly following Carnegie's method, we advocate the importance of a more holistic and empathetic approach in our interactions with others. We believe it is essential to recognize the diversity of individual perspectives and needs and develop healthy, respectful human relationships based on mutual understanding and genuine dialogue. Throughout this e-book, we hope to provide an alternative perspective to Carnegie's method and encourage readers to question their assumptions about what it means to win friends and influence people.
