Crossing the Chasm There are many books on entrepreneurship but this is one of the few that will convert individuals to entrepreneurs Desh Deshpande founder Deshpande Center for Technological Innovation MIT chairman A123 Systems cochair National Council for Innovation and Entrepreneurship About the Book Are you among the many Americans who dream of starting a business but think you don't know how Help has arrived For generations Dartmouth College and the Tuck School of Business have influenced and driven global entrepreneurship Dartmouth firsts include the world petroleum industry technological breakthroughs like artificial intelligence and BASIC computer language as well as popular products such as the Nerf football and the game Cranium Today a key resource for the Dartmouth Community is the Dartmouth Entrepreneurial Network DEN which helps anyone from undergraduates to faculty to alumni get their ideas off the ground and into the marketplace In From Idea to Success entrepreneur professor and DEN founder Gregg Fairbrothers takes you step by step through the DEN approach showing you how to apply the same principles to make your vision a reality If you have an idea any idea from major technology innovations to consumer products or services to social enterprises From Idea to Success shows you how to bring it to fruition This A to Z guide based on the startup experiences of literally hundreds of entrepreneurs makes the process simple as possible by breaking it down into three distinct parts Step 1 Focusing and Refining Your Idea Define your goals pinpoint your market protect your idea manage the risks in your undertaking Step 2 Business Planning Best Practices Create a business plan build your team learn about the competition raise finances get the important legal issues right the first time Step 3 Managing Your Company Build your negotiating selling and decision making skills manage your finances correct your course manage the transition to a healthy growing business Building a vibrant company based on your own creativity and hard work is one of the most fulfilling human enterprises there is With this book and your own experience you can think and act like a successful entrepreneur from the very start *How to Start, Expand & Sell a Business* James C. Comiskey, 1987 *Getting Started as an Entrepreneur*, 2002 **AI Business for Everyone** Michael T. Murphy, AI income strategies that actually work for YOUR life This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics parents retirees freelancers everyone With 2 100 ready to use prompts case studies exposing costly pitfalls and aggressive 30 day action checklists you'll build your 1 000 monthly automated income while others just read about AI While others debate whether AI will take their jobs smart individuals across every demographic are quietly building automated income streams generating thousands monthly This isn't another generic make money with AI guide assuming everyone's a tech savvy twenty something This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation Whether you're a stay at home parent squeezing work between school runs a retiree navigating technology a burned out freelancer seeking leverage or an influencer fighting algorithm changes this 1 000 page manual guide delivers hyper personalized strategies for your unique circumstances Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges

What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists leaving zero room for procrastination. You'll launch micro businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2,100 battle-tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision-engineered tools transforming ChatGPT and Claude into your personal workforce. From healthcare practitioners needing HIPAA-compliant content to pet entrepreneurs dominating Instagram, every prompt delivers immediate monetizable results. Through detailed case studies, you'll witness actual people, not gurus, building sustainable AI businesses. Meet the seventy-year-old launching an AI consulting firm, the exhausted mom automating her way to 3,000 monthly, the weekend hobbyist whose Chrome extension generates 5,000 monthly. Crucially, you'll learn their failures and costly mistakes too. This isn't success theater; it's unvarnished truth about building AI income. Every chapter follows an aggressive thirty-day timeline transforming overwhelming possibilities into daily actions. Week one: tool setup and niche selection. Week two: minimum viable product. Week three: testing and refinement. Week four: launch and scale. The structure pushes you from zero to revenue through forced accountability and relentless momentum. Specialized sections address challenges facing regulated industries and creative professionals. Healthcare practitioners monetize expertise while maintaining ethical boundaries. Artists discover how AI enhances rather than replaces creativity. Educators transform teaching skills into automated course empires. Small business owners multiply revenue without multiplying headcount. This isn't about replacing human creativity with artificial intelligence; it's about amplifying existing advantages through strategic automation. The book teaches you to identify unfair advantages—whether life experience, professional network, or availability during odd hours—and systematically convert them into income-generating systems working while you sleep, parent, travel, or pursue passions. The comprehensive prompt library eliminates the learning curve, allowing immediate implementation. Action checklists ensure you're not just reading but doing. Real-world examples show both spectacular wins and cautionary tales, preparing you for every scenario. Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders. Your demographic isn't a limitation; it's your secret weapon in the 72-billion AI economy. Stop watching. Start building. Your automated income stream awaits.
