## Sci Fi Dystopia Award Winning:

**Time Rift: A completed reluctant hero dystopian sci-fi trilogy** Claudia Blood, 2021-03-15 The key to saving the world could be the one thing out of Duff's reach. It's an impossible situation. Time itself is coming apart at the seams and Duff and the Z Crew suspect the key rests with one girl, Horizon. The problem: Horizon is the long sought after daughter of their nemesis, Ravenne. She stopped at nothing to retrieve her daughter from the past. Now it's clear: sending Horizon back is the only way to repair the rift, but her mother won't let her go. The underground artifact where they accidentally created the rift is crumbling. No one will survive unless they can escape the mountain falling down around them, but time is shuddering and echoing around them and the way out isn't clear. To make things worse, thanks to the unpredictability of time rifts, the crew now faces not just one mortal enemy: there are two Ravennes working against them. Will Z Crew escape Ravenne's clutches and set time right again, or will Duff finally have to bend to his enemy's will? Find out in the final installment of the Relic Trilogy.

**Horizon Found: A completed reluctant hero dystopian sci-fi trilogy** Claudia Blood, 2021-02-15 Saving his family was only beginning. Now Duff must save the world past and present. Duff Roman might have managed to save the orphanage where he grew up, but his trials are far from over. A familiar enemy returns with a new threat, and the very ground on which they battle is becoming increasingly unstable. The time particles Relics and Seers that fuel the economy of Kalecca are disappearing at an alarming rate. As if trying to save the world isn't hard enough, Duff's efforts are complicated by the arrival of Willow, a Seer who only increases the tension both with those who stand against him and within Duff himself. With the world crumbling around him, Duff needs help. Teaming up with a long hidden group of scientists working to save them all, he must fight against enemies who have banded together and decide where his loyalties lie. One wrong move and everything he loves will disintegrate.

**Dystopias and Utopias on Earth and Beyond** Douglas A. Vakoch, 2021-04-29 Caught as we are in a grave climate crisis that seems more irreversible with every passing year, our literary portrayals of the future often feature the dystopian collapse of the world as we know it. Science fiction explores how we got here while pointing toward a more hopeful path forward. From an ecofeminist perspective, a core cause of our current ecological catastrophe is the patriarchal domination of nature playing out in parallel with the oppression of women. As an alternative to dystopian futures that seem increasingly inevitable, ecofeminist science fiction helps us conjure utopias that promote environmental sustainability based on more egalitarian human relationships. *Dystopias and Utopias on Earth and Beyond*: Feminist Ecocriticism of Science Fiction explores the fictional worlds of such canonical novelists as Margaret Atwood, Octavia Butler, Ursula K. Le Guin, Doris Lessing, and Joan Slonczewski, as well as those of lesser known science fiction writers, as they collectively probe humanity's greatest existential threats. Contributors from five continents provide compelling analyses of far-future dystopias on Earth that are all too easy to imagine becoming reality if humankind's current trajectory continues, as well as provocative insights into science fiction utopias set on idyllic planets orbiting distant stars which offer liberatory

alternatives that might someday be actualized in the real world By examining the links between the destruction of the environment and the domination of women Dystopias and Utopias on Earth and Beyond provides the tools to counteract those intertwined oppressions helping create a foundation for a truly habitable world **Contemporary Dystopian Fiction for Young Adults** Balaka Basu,Katherine R. Broad,Carrie Hintz,2013-05-02 Winner of the Children s Literature Association Edited Book Award From the jaded wired teenagers of M T Anderson s Feed to the spirited young rebels of Suzanne Collins The Hunger Games trilogy the protagonists of Young Adult dystopias are introducing a new generation of readers to the pleasures and challenges of dystopian imaginings As the dark universes of YA dystopias continue to flood the market Contemporary Dystopian Fiction for Young Adults Brave New Teenagers offers a critical evaluation of the literary and political potentials of this widespread publishing phenomenon With its capacity to frighten and warn dystopian writing powerfully engages with our pressing global concerns liberty and self determination environmental destruction and looming catastrophe questions of identity and justice and the increasingly fragile boundaries between technology and the self When directed at young readers these dystopian warnings are distilled into exciting adventures with gripping plots and accessible messages that may have the potential to motivate a generation on the cusp of adulthood This collection enacts a lively debate about the goals and efficacy of YA dystopias with three major areas of contention do these texts reinscribe an old didacticism or offer an exciting new frontier in children s literature Do their political critiques represent conservative or radical ideologies And finally are these novels high minded attempts to educate the young or simply bids to cash in on a formula for commercial success This collection represents a prismatic and evolving understanding of the genre illuminating its relevance to children s literature and our wider culture

*The Planetary Humanism of European Women's Science Fiction* Eleanor Drage,2023-10-13 The Planetary Humanism of European Women s Science Fiction argues that utopian science fiction written by European women has since the seventeenth century played an important role in exploring the racial and gender possibilities of the outer limits of the humanist imagination This book focuses on six works of science fiction from the UK France Spain and Italy Jennifer Marie Brissett s Elysium Nicoletta Vallorani s Sulla Sabbia di Sur and Il Cuore Finto di DR Aliette de Bodard s Xuya Universe series Elia Barcelo s Consecuencias Naturales and Historias del Crazy Bar a collection of stories by Lola Robles and Maria Concepcion Regueiro It sets these in conversation with key gender and critical race scholars Judith Butler Rosi Braidotti Gayatri Chakravorty Spivak Paul Gilroy and Jack Halberstam It asserts that a key concern for feminism anti racism and science fiction now is to seek inventive ways of returning to the question of the human in the context of increasing racial and gender divisions Offering unique access to contemporary and historical women writers who have mobilised the utopian imagination to rethink the human this book is of use to those conducting research in Gender Studies Philosophy History and Literature **Species Traitor** Kate L. Mary,2021-07-16 This was much more than a sci fi dystopian romance for the reader This tale played on every emotion you can think of My mind was a whirlwind of emotional

turmoil Amazon Reviewer Utterly spellbinding Amazon Reviewer My name is Ava Mendoza and I am a species traitor They came hoping to find a new home after their own planet was destroyed but Earth was dying as well and most humans saw their arrival as an invasion Now two decades later the Veilorianians have been banished to the District a fenced in area on the outskirts of the last known livable land on Earth Most people do their best to pretend they don t exist but not everyone There are humans like my cousin who see them for what they are Despite the threat of disownment she married a Veilorian and now she too lives in the District Even before I met Finn I was determined to stand up for what was right but from the moment I laid eyes on him we had a connection I ve never experienced before But with the election of a new and radical mayor on the horizon tensions are high and people are calling for change They want to make my cousin s marriage illegal and punish any human who goes into the District but I refuse to back down from this fight No matter the cost This book captured my imagination with Kate s creative story telling and her ability to make you root for the characters Amazon Reviewer Kate L Mary never disappoints when it comes to her world building and character development Amazon Review I remember Mary saying this story would be so much more than just a love story And it was It was beauty and raw emotions It was heartbreak to the point of tears But Mary crafted a glorious bandaid in the form of words and amazing characters to mend my heart over and over again I was absolutely addicted to this book to Finn and Ava And I was desperate for it when I wasn t able to be in it Amazon Reviewer Species Traitor has been one amazing journey into a whole new world of aliens and humans trying to stop the hate and bring the two species together Amazon Reviewer
