The young readers will learn alongside their caregivers how to set goals, deal with setbacks, and live a life in line with their values. Dr. Dessy and Lora's guide will help us better understand ourselves and our loved ones, recognizing why we feel and act the way we do and deepen our empathy and care for each other. Using a holistic approach, Dr. Dessy offers step-by-step guidelines on managing strong emotions anytime and anywhere. With simple language and fun illustrations, Dr. Dessy and Lora explain how our brains work with Aimie, the amygdala, making us feel; Brightie, the cerebral cortex, making us think; and Dooie, the prefrontal cortex, making us act. By keenly understanding how these parts of us act and interact and practicing the lessons and exercises offered in this guide, you and your child will be empowered to face fears in any setting. The toolkit with strategies will help children and other family members enjoy events, places, and situations avoided in the past or suffered through because of baseless worries and a thousand what-ifs. Intended primarily for parents, caregivers, and children aged eight to twelve, and mental health professionals, this guide addresses a growing societal problem. Research shows that anxiety disorders are the most prevalent mental health conditions worldwide, impacting the quality of life of millions of children and their families.
