Media Sensation Myth Retelling Novel:

From Asgard to Valhalla Heather O'Donoghue, 2024-01-25 From Asgard to Valhalla takes readers deep inside Odin's cavernous hall and tells of the adventures, tragedies, and lessons of the Viking Gods. Here, Heather O'Donoghue skillfully uncovers both the history and legacy of these myths to provide the authoritative student text on Old Norse mythology. From the magnificent tales of *A Song of Ice and Fire* and the supernatural wonders of Valkyries to Tolkien's Riders of Rohan and Marvel's mighty Thor, Norse mythology is a fundamental part of western culture. Drawing from a wealth of sources and scholarly debates, this fully updated and expanded 2nd edition offers both an engaging survey of the Old Norse myths and an accessible introduction to how such strange and fragmentary material has been seized, repurposed, and at times abused throughout the centuries. Notably, this important and timely study explores how Old Norse mythology has been and continues to be weaponized by far-right movements across the world. Containing 2 brand-new chapters on post-medieval reception, 30 illustrations for a stronger visual context, and pedagogical updates throughout to aid further study, this new edition of *From Asgard to Valhalla: The Remarkable History of the Norse Myths* is a vital resource for all students of Old Norse mythology.

Fan Fiction and Early Christian Writings

Tom de Bruin,2024-05-16 What can contemporary media fandoms like Anne Rice Star Wars Batman or Sherlock Holmes tell us about ancient Christianity Tom de Bruin demonstrates how fandom and fan fiction are both analogous and incongruous with Christian derivative works The often disparaging terms applied to Christian apocrypha and pseudepigrapha such as fakes forgeries or corruptions are not sufficient to capture the production consumption and value of these writings De Bruin reimagines a range of early Christian works as fan practices Exploring these ancient texts in new ways he takes the reader on a journey from the fix it fic endings of the Gospel of Mark to the subversive fan fictions of the Testaments of the Twelve Patriarchs and from the densely populated storyworld of early Christian art to the gatekeeping of Christian orthodoxy Using theory developed in fan studies De Bruin revisits fundamental questions about ancient derivative texts Why where they written How do they interact with more established texts In what ways does the consumption of derivative works influence the reception of existing traditions And how does the community react to these works This book sheds exciting and new light on ancient Christian literary production consumption and transmission

Twentieth-Century and Contemporary

American Literature in Context Linda De Roche,2021-06-04 This four volume reference work surveys American literature from the early 20th century to the present day featuring a diverse range of American works and authors and an expansive selection of primary source materials Bringing useful and engaging material into the classroom this four volume set covers more than a century of American literary history from 1900 to the present Twentieth Century and Contemporary American Literature in Context profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical cultural and political contexts that have shaped American writing Twentieth Century and Contemporary American Literature in Context provides wide coverage of authors works genres and movements that are emblematic of the diversity of modern America Not only are major literary movements represented such as the Beats but this work also highlights the emergence and development of modern Native American literature African American literature and other representative groups that showcase the diversity of American letters A rich selection of primary documents and background material provides indispensable information for student research
